Aomame is riding in a taxi on the expressway, in a hurry to carry out an assignment. Her work is not the kind that can be discussed in public. When they get tied up in traffic, the taxi driver suggests a bizarre 'proposal' to her. Having no other choice she agrees, but as a result of her actions she starts to feel as though she is gradually becoming detached from the real world. She has been on a top secret mission, and her next job leads her to encounter the superhuman founder of a religious cult. Meanwhile, Tengo is leading a nondescript life but wishes to become a writer. He inadvertently becomes involved in a strange disturbance that develops over a literary prize. While Aomame and Tengo impact on each other in various ways, at times by accident and at times intentionally, they come closer and closer to meeting. Eventually the two of them notice that they are indispensable to each other. Is it possible for them to ever meet in the real world?

We is an earth shattering dystopian novel that ruffled the feathers of the ruling elite of Russia when it was smuggled out of the country and published in English in 1924. It would not see publication in Russia until 1988. As a result of Yevgeny Zamyatin's treatment over the novel he left Russia. We is set in the twenty six century where a totalitarian government rules the world. Every citizen has all of their needs completely taken care of. But the price is a life without passion, creativity, or adventure. Cities are made of glass to aid the government's surveillance of its people. Citizens are given numbers rather than names to discourage individuality. But resentment and anger seethe just beneath the surface of the citizenry's polite veneer. It is time for someone to strike a blow for individuality and freedom. A fast paced adventure novel with a message that reverberated down through history. Brave New World, Anthem, 1984, and Player Piano all owe an enduring debt to We. Of writing Player Piano Kurt Vonnegut said "I cheerfully ripped off the plot of Brave New World, whose plot had been cheerfully ripped off from Yevgeny Zamyatin's We."

A Rolling Stone-Kirkus Best Music Book of 2020 The definitive account of pop music in the mid-eighties, from Prince and Madonna to the underground hip-hop, indie rock, and club scenes Everybody knows the hits of 1984 - pop music's greatest year. From "Thriller" to "Purple Rain," "Hello" to "Against All Odds," "What's Love Got to Do with It" to "Wake Me Up Before You Go-Go," these iconic songs continue to dominate advertising, karaoke nights, and the soundtracks for film classics (Boogie Nights) and TV hits (Stranger Things). But the story of that thrilling, turbulent time, an era when Top 40 radio was both the leading edge of popular culture and a moral battleground, has never been told with the full detail it deserves - until now. Can't Slow Down is the definitive portrait of the exploding world of mid-eighties pop and the time it defined, from Cold War anxiety to the home-computer revolution. Big acts like Michael Jackson (Thriller), Prince (Purple Rain), Madonna (Like a Virgin), Bruce Springsteen (Born in the U.S.A.), and George Michael (Wham!'s Make It Big) rubbed shoulders with the stars of the fermenting scenes of hip-hop, indie rock, and club music. Rigorously researched, mapping the entire terrain of American pop, with crucial side trips to the UK and Jamaica, from the biz to the stars to the upstarts and beyond, Can't Slow Down is a vivid journey to the very moment when pop was remaking itself, and the culture at large - one hit at a time.
