Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

When Betty Friedan produced The Feminine Mystique in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women – and every woman – would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. "One of the most influential nonfiction books of the twentieth century." New York Times "Feminism began with the work of a single person: Friedan." Nicholas Lemann With a new Introduction by Lionel Shriver

"Breathtaking...Crazy for the Storm will keep you up late into the night." —Washington Post Book World Norman Olstead's New York Times bestselling memoir Crazy for the Storm is the story of the harrowing plane crash the author miraculously survived at age eleven, framed by the moving tale of his complicated relationship with his charismatic, adrenaline-addicted father. Destined to stand with other classic true stories of man against nature—Into Thin Air and Into the Wild by Jon Krakauer; Sebastian Junger's The Perfect Storm—it is a literary triumph that novelist Russell Banks (Affliction) calls, "A heart-stopping story beautifully told....Norman Olstead has written a book that may well be read for generations."

Pooler offers a captivating exploration of the emotional and psychological dimensions of shopping.
