Although he published relatively little in his lifetime, Harvey Sacks's lectures and papers were influential in sociology and sociolinguistics and played a major role in the development of ethnomethodology and conversation analysis. NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

France's leading nutritionist Dr. Jean-Michel Cohen pinpoints why you struggle with weight loss diets and offers a plan for achieving your ideal weight while embracing life's pleasures. Dr. Jean-Michel Cohen, France's most popular dietician, has helped over two million patients worldwide reach their ideal weight and stabilize long term, all while savoring healthy, balanced meals. His progressive three-step weight loss plan includes 325 easy-to-prepare recipes, helpful hints, and practical checklists to get the weight off and keep it off. Strongly opposed to "extreme" diets and the inevitable weight gain that ensues, Dr. Cohen proposes a holistic approach that addresses the physical, psychological, and cultural factors that impact our ability to control our relationship with food. Once we understand our behavior, it's easy and rewarding to see the pounds melt away. His diet proposes food substitutions to adapt recipes to your personal preferences and allows you to indulge in the occasional craving as long as you compensate beforehand and afterwards. With Dr. Cohen's foolproof supermarket tactics and the diet's inherent flexibility, you'll find it easy to continue until you reach your goal weight, losing up to 30 pounds in three months. The simple, delicious, and satisfying menus offer a wide variety of choice, and emphasize the best-practices of the French way of eating, from using fresh produce, to balancing your intake throughout the day, to the pacing of mealtimes. The Parisian Diet is not a flash-in-the-pan diet, it's a new approach to food and a way to celebrate life, helping you look and feel your best.
