Haynes manuals are written specifically for the do-it-yourselfer, yet are complete enough to be used by professional mechanics. Since 1960 Haynes has produced manuals written from hands-on experience based on a vehicle teardown with hundreds of photos and illustrations, making Haynes the world leader in automotive repair information.

Every Haynes manual is based on a complete teardown and rebuild, contains hundreds of "hands-on" photos tied to step-by-step instructions, and is thorough enough to help anyone from a do-it-your-selfer to a professional.

Features recommendations and ratings on hundreds of small, medium, and large-sized cars based on quality, economy, performance, and comfort standards, with judgments on crash protection, and assessments of available options

As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 20112012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an expos of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers cant beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

Follow-up to the original guide, this book covers backroads in northern Colorado. Many trails are near Denver, Boulder and Fort Collins. Other trails are near Steamboat Springs, Grand Junction, Overland, Nederland, Grand Lake, Winter Park, Central City, Rollinsville and Battlement Mesa. Most trails are north of Interstate 70. Includes 40 trails, 46 maps and over 140 photographs. Twenty-eight trails are suitable for stock SUBs.

Immerse yourself in this complete guide on Lamborghini's ultimate performance cars. Nearly 50 years ago, upstart high-end sports car manufacturer Lamborghini set the performance car world on its ear with its stunning supercar, the Miura. Wrapped in a svelte Marcello Gandini - designed body and powered by a 350-horsepower V-12, the Miura instantly made every other car look antiquated. In 1974, Lamborghini again shocked the automotive world with the mad Countach (an Italian expression one might utter at the sight of a beautiful woman), another Gandini masterpiece. Wide, low, and menacing, the original Countach completely recalibrated the supercar template. The Diablo replaced the Countach in 1990 and was the last of the Lamborghini supercars under the auspices of the "original" company. Audi acquired the company in 1997 and would bring significant German efficiency to bear, turning out supercars to a new template: the Murielago in 2001, the Gallardo in 2003, the Reventon in 2008, the Aventador in 2011, and, most recently, the appropriately named Huracan. Each one is an ultimate car. Many were collector vehicles from the moment they rolled off the production line. Beneath their stunning bodywork lie chassis and powerplants bristling with the best technology of their respective eras. Lamborghini's latest supercars zip from 0 to 60 miles per hour in under 3 seconds and hit top speeds in excess of 220 miles per hour. Their prices are equally staggering. Lamborghini Supercars 50 Years is devoted exclusively to all of Lamborghini's ultimate performance cars. No enthusiast of these world-class sports cars will want to miss it!

Go behind the scenes to explore the history, racing, celebrity fans, and after hours of racing's most glamorous and prestigious round in the F1 championship with The Life Monaco Grand Prix. Monaco sponsored its first race in 1929 and the circuit has been part of the Formula 1 series since 1950. Conducted with the patronage of Monaco's royal family, its beautiful street-circuit has made Monaco the most glamorous setting of any F1 race. But the classic architecture and high-profile spectators belie a course notorious for its complexity and challenges. With no safety barriers until 1969, drivers have twice plunged into the harbor among the spectating yachts. Off the circuit, Monaco is a 24-hour spectacle of expensive boats, high-profile parties, celebrity F1 fans, penthouse spectating, and high-roller lifestyle. From the Monte Carlo casino (integral to numerous James Bond films) to top clubs like Amber Lounge, Jimmy's, and The Black Lounge to F1 racers' luxury homes to the takeoffs and landings of countless private jets, Monaco represents the epitome of the jet-setting lifestyle long associated with the F1 circus. From the first Grand Prix in 1929 to today's star-studded event, The Life Monaco Grand Prix takes the reader on a full lap of this prestigious race.

Expanded for the occasion of ZZ Top's 50th anniversary, Billy F Gibbons' Rock + Roll Gearhead throws wide Gibbons' garage and studio doors for an exclusive look at his exquisite collection of cars and guitars. Love cars, guitars, and ZZ Top? This visually stunning tour through this Grade-A Texas gearhead's weird, wild life, vintage and way-out custom guitars, and influential hot rods and custom cars is mandatory education. From the near-mythical '59 Les Paul sunburst known as "Pearly Gates" and the "Furry One" of MTV renown to cars like the Eliminator, CadZZilla, and Kopperhed, they're all here—more than 60 guitars and 15 astounding vehicles, all expounded upon by BFG himself and shown in commissioned color and artistic black-and-white photography. Cars and guitars that have made their way to light since the book's first publication in 2005 are included: Cars: Mexican Blackbird 1958 Thunderbird Quintana '50 Ford Custom El Camino Grocery-Getter custom Whiskey Runner '34 Ford Coupe '51 Willys Wagon Guitars: Party Peelers John Bolin Customs Neiman Marcus BFG SG Nacho Telecaster John Bolin "Think Buck" T-style Mexican Blackbird solidbody Mojo Maker Tone Bender Zemaitis custom Marconi Lab Guitar 1929 Dixie Ukelele 1939 Rickenbacker Frying Pan ...and more! While BFG's cars'n'guitars are the stuff of legend, no less intriguing are the tales behind his incredible music career. From teenage Houston garage rocker to the Rock and Roll Hall of Fame, the whole story is between these covers, told in the Good Reverend Willie G's own words and illustrated with photos and memorabilia from his personal archive. As with many rockers, Billy F Gibbons' Jones for hot rods and customs is the stuff of legend. But beyond this bona fide bluesman's mastery of the six-string and unrepentant love for internal combustion is a noted collector whose own designs have manifested themselves in hundreds of mind-bending cars and guitars. This is the definitive and official record of that genius.
