Listen to Pop! discusses the evolution of pop music in America from the 1950s to the present, diving into its impact on American culture, particularly through its association with television, and its enduring legacy. • Analyzes a diversity, stylistically and otherwise, of must-hear examples • Traces the evolution of pop music from the end of World War II to the present • Extensively discusses the interplay between popular music and television • Identifies certain formulas for success, such as the "oldies" chord progression through the 20th century to the present

A valuable resource for James Taylor fans and a fascinating read for anyone interested in autobiographical popular music of the past 50 years. • Pairs critical analysis of every significant composition and recording by James Taylor with historical perspective on the events of his 50-year life journey • Ties Taylor's highly publicized struggles with drugs and in relationships to his songs • Delves into the not-frequently discussed musical aspects of Taylor's writing, including his use of unusual musical forms • Examines Taylor's arrangements and recordings of cover songs as essentially examples of re-writing the songs

A Dartmouth fraternity member who blew the whistle on inhumane hazing practices in a Rolling Stone profile presents a true account of sordidness and redemption.

Listen to Soul! Exploring a Musical Genre provides an overview of soul music for fans of the genre, with a focus on 50 must-hear singers, songs, and albums that define it. Listen to Soul! Exploring a Musical Genre provides both an overview and a critical analysis of what makes soul music in the United States. A list of 50 songs, albums, and musicians includes many of the best-known hits of the past and present as well as several important popular successes that are not necessarily on the "best-of" lists in other books. Like the other books in this series, this volume includes a background chapter followed by a chapter that contains 50 critical essays on must-hear albums, songs, and singers, approximately 1,500 words each. Chapters on the impact of soul music on popular culture and the legacy of the genre further explain the impact of these seminal compositions and musicians. This volume additionally includes a greater focus on soul music as a genre, making it a stand-out title on the topic for high school and college readers. Allows readers to quickly get a sense of the history of soul music in a broad overview Delves into critical analysis of 50 songs, albums, and musicians that define the genre Broadens the definition of what is considered soul music Discusses the impact on popular culture and legacy of soul music

Famous pop stars and rappers from Jay-Z and Rick Ross to Rihanna and Christina Aguilera are believed by many to be a part of the infamous Illuminati secret society. These stars allegedly use Illuminati and satanic symbolism in their music videos and on their clothes that goes unnoticed by those not "in the know." Since these stars appear in our livings rooms on family friendly mainstream shows like Good Morning America, Ellen, and dozens of others—and are loved by virtually all the kids—they couldn't possibly have anything to do with the infamous Illuminati or anything "satanic," could they? Some famous musicians have even publicly denounced the Illuminati in interviews or songs. Illuminati in the Music Industry takes a close look at some of today's hottest stars and decodes the secret symbols, song lyrics, and separates the facts from the fiction in this fascinating topic. You may never see your favorite musicians the same way ever again. Includes 50 photographs. Discover why so many artists are promoting the Illuminati as the secret to success. Why an aspiring rapper in Virginia shot his friend as an "Illuminati sacrifice" hoping it would help him become rich and famous. How and why the founder of BET Black Entertainment Television became the first African American billionaire. Why popular female pop stars like Rihanna, Christina Aguilera, Kesha and others are promoting Satanism as cool, something that was once only seen in heavy metal and rock and roll bands. Some musicians like Korn's singer Jonathan Davis, rapper MC Hammer, Megadeth's frontman Dave Mustaine, and others have all denounced the Illuminati and artists promoting them. Les Claypool, singer of Primus wrote a song about the Bohemian Grove. Muse singer Matt Bellamy recants his belief that 9/11 was an inside job after getting a taste of mainstream success with his album, The Resistance. Bono said he attended an Illuminati meeting with other celebrities. Was he joking or serious? Why rap and hip hop is filled with Illuminati puppets and wannabes more than other genres of music. Includes detailed profiles on dozens of artists who are suspected of being affiliated with the Illuminati and highlights the handful of musicians who have denounced the secret society and their puppets. Learn about media effects, the power of celebrity, what the externalization of the hierarchy means and how you can break free from the mental enslavement of mainstream media and music. By the author of The Illuminati: Facts & Fiction

Tests copyright's fundamental premise that more money will increase creative output using the US recording industry from 1962-2015.

The perfect gift for music lovers and Neil Young fans, telling the story behind Neil Young's legendary career and his iconic, beloved songs. "I think I will have to use my time wisely and keep my thoughts straight if I am to succeed and deliver the cargo I so carefully have carried thus far to the outer reaches."—Neil Young, from Waging Heavy Peace Legendary singer and songwriter Neil Young's storied career has spanned over forty years and yielded some of the modern era's most enduring music. Now for the first time ever, Young reflects upon his life—from his Canadian childhood, to his part in the sixties rock explosion with Buffalo Springfield and Crosby, Stills, Nash & Young, through his later career with Crazy Horse and numerous private challenges. An instant classic, Waging Heavy Peace is as uncompromising and unforgettable as the man himself.

Australian music has a proud, colourful and successful history. In 2008, Australian rock and roll turned 50. This book names the best Australian albums of the last 50 years. It places each album in order (from 1 u 100) and discusses why each album deserves its place. It tells the story behind the making of the album, where the album fits in the artist's career and the album's impact on the local and world stage etc. The entries will feature new interviews with the artists and the producers/managers involved in the recording and the release of the album. It wouldn't be a good list if it didn't polarise people and we hope that this list will. We also hope that it will get people sitting around comparing their favourites and discovering or re-discovering these great albums and others. With 70 years of loving and writing about Australian music between us, we shamelessly believe we've earned the right to write this book. And we think we've got it right. Let the debate begin.o u John O'Donnell, April 2010 Finally, here is a much-needed list of argument-starting top 100 seminal/ influential/essential Australian albums of all time. Let the fight begin!

Not all original works invoke the encore impulse in their audiences. Those that do generally spawn replications - sequels, spin-offs, or re-makes. This book presents a theory of why some replications succeed and others fail across genres and media.
