Although the listing does not make this clear, 'A Twist of the Knife' is in fact the third novel in a series about the protagonist, retired FBI agent Brigid Quinn, and while it does work as a standalone novel I think that the motivations of the characters would have been clearer with the background knowledge from the previous two volumes.

After a marijuana-addled brawl with a rival gang, 16-year-old Azael wakes up to find himself surrounded by a familiar set of concrete walls and a locked door. Juvie again, he thinks. But he can't really remember what happened or how he got picked up. He knows his MS13 boys faced off with some punks from Crazy Crew. There were bats, bricks, chains. A knife. But he can't remember anything between that moment and when he woke behind bars. Azael knows prison, and something isn't right about this lockup. No phone call. No lawyer. No news about his brother or his homies. The only thing they make him do is watch some white girl in some cell. Watch her and try to remember. Lexi Allen would love to forget the brawl, would love for it to disappear back into the Xanax fog it came from. And her mother and her lawyer hope she chooses not to remember too much about the brawl!at least when it's time to testify. Lexi knows there's more at stake in her trial than her life alone, though. She's connected to him, and he needs the truth. The knife cut, but somehow it also connected.

A hard-nosed cop tears into the criminal shadow world of the Lower East Side. On the streets of downtown Manhattan, there is no better disguise than the vacant stare and limp slouch of the junkie. Masquerading as an addict, Johnny Katanos goes undetected as he slithers up the fire escape towards the biggest heroin operation in the city of New York. He disables the alarms, distracts the guards, kills the Dobermans, and is waiting with a grenade when Ronald Jefferson Chadwick, drug kingpin, returns with a suitcase full of cash. A few minutes later, the money is gone, Chadwick is dead, and the factory has been reduced to a fireball. Though the New York Police Department rarely investigates a dealer's death, a Russian-made grenade appearing downtown is cause for fear. The case falls to Stanley Moodrow, a beefy detective who knows that in an investigation like this, there's no time to go by the book.

'Wow! Chilling, smart, funny, and what a voice she has' Gillian Flynn 'A twisting, high-stakes story . . . Brilliant' Shari Lapena, author of The Couple Next Door Former FBI agent Brigid Quinn has seen it all, and survived. But nothing can cut her closer to the bone than family... When her father falls ill, Brigid returns to Florida. There, she meets up with former colleague Laura Coleman. Laura once saved Brigid's life, but now is working on an 'innocence project', investigating cold cases, and one in particular has caught her attention. Marcus Creighton was convicted of murdering his family fifteen years before, and has been sentenced to death. Worried that her friend is getting in too deep, and that there is more to this case than meets the eye, Brigid promises to help. But what if her instincts are betraying her?

In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

A murderer could be around every corner in this thrilling YA trilogy based on the board game CLUE! When a storm strikes at Blackbrook Academy, an elite prep school nestled in the woods of Maine, a motley crew of students—including Beth “Peacock” Picach, Orchid McKee, Vaughn Green, Sam “Mustard” Maestor, Finn Plum, and Scarlet Mistry—are left stranded on campus with their headmaster. Hours later, his body is found in the conservatory and it’s very clear his death was no accident. With this group of students who are all hiding something, nothing is as it seems, and everyone has a motive for murder. Fans of the CLUE board game and cult classic film will delight in Diana Peterfreund’s modern reimagining of the brand, its characters, and the dark, magnificent old mansion with secrets hidden within its walls.

After a quarrel, an ageing lawyer leaves his wife and travels from Brasília to the dry, lawless backlands of Brazil's northeastern plateau, where he grew up. He has vague plans to start a new life, to buy a ranch and farm cotton, but unresolved childhood obsessions, fantasies, traumas resurface, threatening to overwhelm his very sense of identity. Consumed with thoughts of revenge against the man who murdered his father when he was only two, he discovers that he may in fact have been the lovechild of his rich godfather--the man who ordered the hit--and may therefore be the half-brother of the girl for whom he harbored an adolescent sexual fixation. In this masterful novel rich in local color, João Almino creates a complex, damaged narrator inexorably dragged down into the vortex of his own treacherous memories.

You have never met an (ex) FBI agent like Brigid Quinn "Keeping secrets, telling lies, they require the same skill. Both become a habit, almost an addiction, that's hard to break even with the people closest to you, out of the business. For example, they say never trust a woman who tells you her age; if she can't keep that secret, she can't keep yours. I'm fifty-nine." Brigid Quinn's experiences in hunting sexual predators for the FBI have left her with memories she wishes she didn't have and lethal skills she hopes never to need again. Having been pushed into early retirement by events she thinks she's put firmly behind her, Brigid keeps telling herself she is settling down nicely in Tucson with a wonderful new husband, Carlo, and their dogs. But the past intervenes when a man named Floyd Lynch confesses to the worst unsolved case of Brigid's career—the disappearance and presumed murder of her young protégée, Jessica. Floyd knows things about that terrible night that were never made public, and offers to lead the cops to Jessica's body in return for a plea bargain. It should finally be the end of a dark chapter in Brigid's life. Except...the new FBI agent on the case, Laura Coleman, thinks the confession is fake, and Brigid finds she cannot walk away from violence and retribution after all, no matter what the cost. With a fiercely original and compelling voice, Becky Masterman's Rage Against the Dying marks the heart-stopping debut of a brilliant new thriller writer.
