Hank Nelson was an academic, film-maker, teacher, graduate supervisor and university administrator. His career at The Australian National University (ANU) spanned almost 40 years of notable accomplishment in expanding and deepening our understanding of the history and politics of Papua New Guinea, the experience of Australian soldiers at war, bush schools and much else. This book is a highly readable tribute to

him, written by those who knew him well, including his students, and also contains wide-ranging works by Hank himself. –Professor Stewart Firth, ANU.

ARCHIE 3000 is the complete collection featuring the classic series. This is presented in the new higher-end format of Archie Comics Presents, which offers 200+ pages at a value while taking a design cue from successful all-ages graphic novels. Travel to the 31st Century with Archie and his friends! In the year 3000, Riverdale is home to hoverboards, intergalactic travel, alien life and everyone's favorite space case, Archie! Follow the gang as they encounter detention robots, teleporters, wacky fashion trends and much more. Will the teens of the future get in as much trouble as the ones from our time?

Featuring art and writing from the students of the Parkland tragedy, this is a raw look at the events of February 14, and a poignant representation of grief, healing, and hope. The students of Marjory Stoneman Douglas High School share their emotional journeys that began on February 14, 2018, and continue today. This revealing and unfiltered look at teens living in the wake of tragedy is a poignant representation of grief, anger, determination, healing, and hope. The intimate collection includes poetry, eyewitness accounts, letters, speeches, journal entries, drawings, and photographs from the events of February 14 and its aftermath. Full of heartbreaking loss, a rally cry for change, and hope for a safe future, these artistic pieces will inspire readers to reflect on their own lives and the importance of valuing and protecting the ones you love.

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.

An ancient papyrus describing the death of Cleopatra hold clues to the secret location of the lost tomb of Alexander the Great, filled with priceless treasure. Elizabeth Harker sends the Project team to Egypt, to find out if the tomb and treasure still exist. It doesn't take long before people start dying. A secret cult has worshipped Alexander as the Sun God for thousands of years, and they're not about to let unbelievers desecrate the tomb of their god. They'll stop at nothing to prevent it. Nick and Selena are getting older, their bodies starting to show the effects of too many battles and too many wounds. With two children to worry about, maybe it's time to quit. But neither one of them is quite ready to give up the adrenaline fueled lifestyle they've been addicted to for years. It's a decision they need to make soon. But first they have to get through this mission, with no guarantee they'll survive.

Explains how to lose up to twelve pounds in as little as three weeks, with three cycles of dieting for different weight loss goals, real-world exercise guidelines, lists of permitted foods, recipes, and a host of tips and tricks to keep dieters motivated.

Fans of the Gossie & Friends books will enjoy little Ollie and his big personality as he finds his way in the barnyard. Irresistible characters and delightful text make these board books perfect for springtime reading and sharing.
