This book will tell all you need to know about British English spelling. It's a reference work intended for anyone interested in the English language, especially those who teach it, whatever the age or mother tongue of their students. It

will be particularly useful to those wishing to produce well-designed materials for teaching initial literacy via phonics, for teaching English as a foreign or second language, and for teacher training. English spelling is notoriously complicated and difficult to learn; it is correctly described as much less regular and predictable than

any other alphabetic orthography.

However, there is more regularity in the English spelling system than is generally appreciated. This book provides, for the first time, a thorough account of the whole complex system. It does so by describing how phonemes relate to graphemes and vice versa. It enables searches for

"It took us three thousand years to find an intelligent species among the stars and only three months to pick a fight with them." After the United Nations of Terra (UNT) Fleet Frigate Nelson reported an encounter with an alien spaceship, she disappeared without a trace. An alien race called the Maltaani have made their

presence known by landing a mass of troops on Balfan-48, a desert planet located far too close to Terra Earth for comfort. Tensions are rising and tempers are growing short. The UNT responds by deploying ISMC's Ninth Division aboard the flagship Atlas to the scene to investigate the Maltaani aggression.

Blinded and deafened by enemy jamming, Ninth Division drops on Balfan-48 to counter the alien provocation. When Ninth Division is decimated by a sneak attack, it's up to Second Lieutenant Fortis to lead the surviving Space Marines in a fight for their lives. Trapped in a shrinking perimeter, cut off from Fleet support, and

short of everything except the enemy, the Space Marines fight the only way they know how: like hell. After Fortis samples a batch of DINLI brewed from lima bean rations, the radio-telephone operators ask him what message to send to Atlas in case the jamming ends. His response becomes a legend in the ISMC. "Tell them to send
