Until fairly recently its rumbled mountains, fortress towns and sparkling beaches were merely a rumour on most travel maps. The first curious tourists to arrive discovered a land where ancient codes of conduct still held sway and where the wind whistled through the shattered remnants of half-forgotten ancient Greek and Roman sites.

Written by an insider and Albania enthusiast, the Bradt guide to Albania takes a fresh look at how and where to explore the heritage of this hidden corner of eastern Europe. The guide includes cycling routes and hikers' trails to help independent travelers make the most of the Mediterranean countryside and there are up-to-date details on outdoor activities, wildlife and history. Albania's archaeological treasures are well covered, including the ancient city of Butrint and hilltop site of Byllis.

Albania Travel Guide 2020 will help you plan your trip to this small but beautiful country in the Balkans. The guide book contains up to the date information about local cuisine, transportation, interesting places to visit, accomodation options, security and the history of Albania. Written by a local author who has tons of useful knowledge, Albania Travel Guide 2020 is a handy and useful passport to the best in Albania!

This new, thoroughly updated sixth edition of Bradt's Albania remains the only standalone guide to this dynamic and rapidly modernising eastern European country, from the capital, Tirana, a lively European city, with shopping malls, cycle paths, museums, galleries and historic buildings, to remote outposts where traditional ways of life prevail. Updated by expert author Gillian Gloyer, it includes all developments since the last edition, reflecting changes such as continued investment in the road network and construction of fast highways connecting main cities, improved hotel provision and new museums dedicated to Albania's communist history. Despite such modernisation, Albania is one of very few European countries where it is still possible to immerse yourself in traditional lifestyles and culture, and Bradt's Albania provides details of where to experience this for yourself. In highland villages, people tend their livestock and gather their crops with little or no mechanisation; they milk their cows and goats by hand, they make their own cheese and bread, they distil home-made spirits from local fruits and berries. In addition, many villagers have opened up their traditional homes as guest-houses, offering a wonderful opportunity to experience their culture first-hand. Bradt's Albania also includes details of watching the country's rare wildlife, such as wildcats, lynx, wolves and bears, and of visiting its three World Heritage Sites: the archaeological site and national park of Butrint and the Ottoman cities of Berat and Gjirokastra. Iso-polyphony, the traditional music of the south-west, is also listed as part of World Heritage by UNESCO. With rigorously researched historical and archaeological background information, detailed notes on popular and less well-known hiking routes and other outdoor activities, specialist contributors on wildlife, military history and other topics, and an unparalleled wealth of practical advice for the independent traveller, Bradt's Albania is the ideal companion for discovering this intriguing country.

Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. "Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled,

and never fails to amaze me." —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F\*ck* *Ten Years a Nomad* is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic "how-to," and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. *Ten Years a Nomad* is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.
