This refreshed and dynamic Eighth Edition of Keeping the Republic revitalizes the twin themes of power and citizenship by adding to the imperative for students to navigate competing political narratives about who should get what, and how they should get it. Everything you've been taught about the World War II "internment camps" in America is wrong: They were not created primarily because of racism or wartime hysteria. They did not target only those of Japanese descent. They were not Nazi-style death camps. In her latest investigative tour-de-force, New York Times best-selling author Michelle Malkin sets the historical record straight-and debunks radical ethnic alarmists

who distort history to undermine common-sense, national security profiling. The need for this myth-shattering book is vital. President Bush's opponents have attacked every homeland defense policy as tantamount to the "racist" and "unjustified" World War II internment. Bush's own transportation secretary, Norm Mineta, continues to milk his childhood experience at a relocation camp as an excuse to ban profiling at airports. Misguided guilt about the past continues to hamper our ability to prevent future terrorist attacks. In *Defense of Internment* shows that the detention of enemy aliens, and the mass evacuation and relocation of ethnic Japanese from the West Coast were not the result of irrational hatred or conspiratorial

Malkin also tells the truth about: who resided in enemy alien internment camps (nearly half were of European ancestry) what the West Coast relocation centers were really like (tens of thousands of ethnic Japanese were allowed to leave; hundreds voluntarily chose to move in) why the \$1.65 billion federal reparations law for Japanese internees and evacuees was a bipartisan disaster how both Japanese American and Arab/Muslim American leaders have united to undermine America's safety With trademark fearlessness, Malkin adds desperately
