This book, first published in 1983 by Cambridge University Press, and now issued for the first time in paperback with a new preface, tells the story of Amilcar Cabral who, as head of the PAIGC, Guinea-Bissau's nationalist movement, became one of Africa's foremost revolutionary leaders. In less than twenty years of active political life, Cabral led Guinea-Bissau's nationalists to the most complete political and military success ever achieved by an African political movement against a colonial power. At the time of his death in 1973, months before Guinea-Bissau became independent, his influence extended well beyond the Lusophone world and Africa. Friends and foes alike admired his political acumen and skills and saw in him a potential leader of the non-aligned movement. His writings have shown him to be a sophisticated analyst of the social, economic and political factors which have affected and continue to affect the developing world. At a time when there is a general sense of despondency about the future of Africa, as well as cynicism about its political elites, it is instructive to be reminded that the continent has produced a political leader of Cabral's calibre. Book jacket.

Amílcar Cabral was an agronomist who led an armed struggle that ended Portuguese colonialism in Guinea-Bissau and Cabo Verde. The uprising contributed significantly to the collapse of a fascist regime in Lisbon and the dismantlement of Portugal's empire in Africa. Assassinated by a close associate with the deep complicity of the Portuguese colonial authorities, Cabral not only led one of Africa's most successful liberation movements, but was the voice and face of the anticolonial wars against Portugal. A brilliant military strategist and astute diplomat, Cabral was an original thinker who wrote innovative and inspirational essays that still resonate today. His charismatic and visionary leadership, his active pan-Africanist solidarity and internationalist commitment to "every just cause in the

On 20 January 1973, the Bissau-Guinean revolutionary Amílcar Cabral was killed by militants from his own party. Cabral had founded the PAIGC in 1960 to fight for the liberation of Portuguese Guinea and Cape Verde. The insurgents were Bissau-Guineans, aiming to get rid of the Cape Verdeans who dominated the party elite. Despite Cabral's assassination, Portuguese Guinea became the independent Republic of Guinea-Bissau. The guerrilla war that Cabral had started and led precipitated a chain of events that would lead to the 1974 Carnation Revolution in Lisbon, toppling the forty-year-old authoritarian regime. This paved the way for the rest of Portugal's African colonies to achieve independence. Written by a native of Angola, this biography narrates Cabral's revolutionary trajectory, from his early life in Portuguese Guinea to his death at the hands of his own men. It details his quest for national sovereignty, beleaguered by the ethnic-based identity conflicts the national liberation movement struggled to overcome. Through the life of Cabral, António Tomás critically reflects on existing ways of thinking and writing about the independence of Lusophone Africa.

Amilcar Cabral, who was the Secretary-General of the African Party for the Independence of Guinea and the Cape Verde Islands (PAIGC), was assassinated by Portuguese agents on January 20, 1973. Under his leadership, the PAIGC liberated three-quarters of the countryside of Guinea in less than ten years of revolutionary struggle. Cabral distinguished himself among modern revolutionaries by the long and careful preparation, both theoretical and practical, which he undertook before launching the revolutionary struggle, and, in the course of the preparation, became one of the world's outstanding theoreticians of anti-imperialist struggle. This volume contains some of the principal speeches Cabral delivered in his last years during visits to the United States. The first is his speech to the fourth Commission of the United Nations General Assembly on October 16, 1972, on "Questions of Territories Under Portuguese Administration." His brilliant speeches on "National Liberation and Culture" (1970) and "Identity and Dignity in the Context of the National Liberation Struggle" (1972) follow.

the text of his interviews with the leaders of Guinea Bissau and Cape Verde.

First published in 1983. Amilcar Cabral was one of Africa's leading revolutionary figures. Universally recognised as the founding father at the independent state of Guiné-Bissau, he was also the first truly important political thinker to have emerged from Africa's two decades of revolution. This book was the first publication to present a critical analysis of his standing as a political theorist. Born in 1925 in the then Portuguese colony of Guiné, Cabral devoted his life to the liberation of his people from colonialism and was instrumental in founding the PAIGC, the African Party for the Independence of Guiné and Cape Verde. He was assassinated early in 1973, but the PAIGC continued his task and Guiné-Bissau gained independence in September 1973. Guiné's revolution came late, but it was a genuine revolution and, like all revolutions, was accompanied by a theory of its own. That theory is found in the writings of Cabral. In this study Jack McCulloch explains that, because of the conjunction of a number of historical factors, the revolution in Guiné assumed an importance for out of proportion to the size or economic significance of the country, and shows that consequently Cabral's theory has come to have an historical significance of its own. This account of Cabral's political theory demonstrates clearly that the effect of Cabral's career was to help bring down the last of the great colonial empires in Africa and, in the realm of theory, to dismantle the central shibboleths of African socialism.

Cabral is among the great figures of our time – these texts provide the evidence.

'In this unique collection of essays contemporary thinkers from across Africa and internationally commemorate the anniversary of Amilcar Cabral's assassination. They reflect on the legacy of this extraordinary individual and his relevance to contemporary struggles for self-determination and emancipation.'--bookcover.
