Guide for social studies teachers in using primary sources, particularly those available from the National Archives, to teach history.

The story of how and why a group of prominent and influential men in New York City and beyond came together to help women gain the right to vote. *The Suffragents* is the untold story of how some of New York's most powerful men formed the Men's League for Woman Suffrage, which grew between 1909 and 1917 from 150 founding members into a force of thousands across thirty-five states. Brooke Kroeger explores the formation of the League and the men who instigated it to involve themselves with the suffrage campaign, what they did at the behest of the movement's female leadership, and why. She details the National American Woman Suffrage Association's strategic decision to accept their organized help and then to deploy these influential new allies as suffrage foot soldiers, a role they accepted with uncommon grace. Led by such luminaries as Oswald Garrison Villard, John Dewey, Max Eastman,

Rabbi Stephen S. Wise, and George Foster Peabody, members of the League worked the streets, the stage, the press, and the legislative and executive branches of government. In the process, they helped convince waffling politicians, a dismissive public, and a largely hostile press to support the women's demand. Together, they swayed the course of history. "The Suffragents is proof that the clatter of dishes that America's power brokers were hearing as they sat in their smoking parlors back in the early twentieth century meant more than clean china and emptied ashtrays. Someone was cooking up plans. The book reveals the careful, never-before-told story of how women carefully calculated and planned their own liberation, directing the prominent power brokers in America into action. With smooth efficiency and the touch of a novelist, Brooke Kroeger shows how the suffragist movement, engineered by women from top to bottom, cleverly stitched in the involvement of men from all walks of professional and political life, directed by women who used neither gun nor blade to direct the men, but the weapons of intelligence, cleverness, and when necessary, subterfuge. The collaboration in this balance of power between prominent men who invested in the movement, and the women who directed them, has everything to teach us today." — James McBride, author of *The Color of Water: A Black Man's Tribute to His White Mother* and *The Good Lord Bird* "Not all the suffragists who risked ridicule to march down Fifth Avenue in the big parades touting votes for women wore dresses. Brooke Kroeger meticulously documents the largely unsung role of men who publicly supported their wives, mothers, sisters, or lovers in the final dramatic decade of women's seventy-year battle for the ballot." — Linda J. Lumsden, author of *Inez: The Life and Times of Inez Milholland and Rampant Women: Suffragists and the Right of Assembly* "Women 'need' men to get the rights they deserve: after all, men had to vote to let women vote. Brooke Kroeger gives us the first history of the Men's League for Woman Suffrage, the 'Gentleman's Auxiliary' of the women's movement. Eschewing the spotlight, they supported gender

equality, as we all should, because it's quite simply the right thing to do. With this gift, Kroeger gives us back a bit of our history." — Michael S. Kimmel, coeditor of *Against the Tide: Pro-Feminist Men in the United States, 1776–1990: A Documentary History*

Originally published in 2000, *The Right to Vote* was widely hailed as a magisterial account of the evolution of suffrage from the American Revolution to the end of the twentieth century. In this revised and updated edition, Keyssar carries the story forward, from the disputed presidential contest of 2000 through the 2008 campaign and the election of Barack Obama. *The Right to Vote* is a sweeping reinterpretation of American political history as well as a meditation on the meaning of democracy in contemporary American life.

"Both a page-turning drama and an inspiration for every reader" -- Hillary Rodham Clinton
Soon to be a major television event, the nail-biting climax of one of the greatest political battles in American history: the ratification of the constitutional amendment that granted women the right to vote. Nashville, August 1920. Thirty-five states have approved the Nineteenth Amendment, granting women the right to vote; one last state--Tennessee--is needed for women's voting rights to be the law of the land. The suffragists face vicious opposition from politicians, clergy, corporations, and racists who don't want black women voting. And then there are the "Antis"--women who oppose their own enfranchisement, fearing suffrage will bring about the nation's moral collapse. And in one hot summer, they all converge for a confrontation, replete with booze and blackmail, betrayal and courage. Following a handful of remarkable women who led their respective forces into battle, *The Woman's Hour* is the gripping story of how America's women won their own freedom, and the opening campaign in the great twentieth-century battles for civil rights.

The epic history of African American women's pursuit of political power -- and how it transformed America. In the standard story, the suffrage crusade began in Seneca Falls in 1848 and ended with the ratification of the Nineteenth Amendment in 1920. But this overwhelmingly white women's movement did not win the vote for most black women. Securing their rights required a movement of their own. In *Vanguard*, acclaimed historian Martha S. Jones offers a new history of African American women's political lives in America. She recounts how they defied both racism and sexism to fight for the ballot, and how they wielded political power to secure the equality and dignity of all persons. From the earliest days of the republic to the passage of the 1965 Voting Rights Act and beyond, Jones excavates the lives and work of black women -- Maria Stewart, Frances Ellen Watkins Harper, Fannie Lou Hamer, and more -- who were the vanguard of women's rights, calling on America to realize its best ideals.

This text traces the history of the civil rights movement in the years following World War II, to the present day. Issues discussed the Civil Rights Act of 1964, the Voting Rights of 1965, and the Northern Ireland ghetto's.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so

Online Library Answers For Guided Suffrage Civil Rights

that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
