It's not the way it happens in love stories. It's because of a squirrel on water skis... She sees Nick's dangerous brown eyes and thinks, Don't. Fall. Into. Them. Who will be there to catch Sienna when she falls? She is so fragile. She has so many secrets, and he is not that serious. Funny and sad, this is the story of two people destined never to come together in the great love affair they crave more than anything else.

The "water engine" is an invention unfortunately invented many times. Hydrogen from water is very

abundant, renewable and can be used in both energy poor and rich countries. Crude oil and natural gas are limited energy resources. But there are many people who think that certain promising technologies have been suppressed by various political or economic powers, usually with the purpose of protecting their investments and interests and, at the already more absurd extremes of the conspiracy illogical, for sinister motivations of much greater scope. In this new work, the versatile composer and writer Van Jaag, accompanies us on an exciting journey through the
