contexts, formats or types of coaching such as life, executive, peer, team and career coaching. - Part Three focuses on professional issues that impact the coach such as ethics, supervision, continuing professional development, standards and mental-health issues. Written by leading international authors, each chapter makes explicit links between theory and practice and generic questions will facilitate further reflection on the topic. There are also suggestions for reading, and short case studies. This is the first book to explore the differences between the theoretical
