Ancient tradition suggests that this world-weary lament is the work of Solomon in old age. Casting its eye over the transient nature of life, the book questions the striving for wisdom and the truth, choosing instead to espouse the value of living for the moment. The text is introduced by Doris Lessing.

This is a fresh account of African Catholicism among the Asante of Ghana, combining ethnographic detail, secondary sources, and personal reflection. It clarifies how Asante Catholics extend and transform their indigenous ideas and practices, thereby reshaping Christianity.

The Bible isn't a single book. It's a collection of many books that were written, preserved and gathered together so that they could be shared with new generations of readers. The Bible is an invitation to you to first view the world in a new way, and then to become an agent of the world's renewal. The Books of the Bible, NIV helps you have a more meaningful encounter with the sacred writings and to read with more understanding, without centuries of added formatting, so that you can take your place more readily within this story of new creation. There is no Bible more suited to reading from beginning to end. Scot McKnight, author of Jesus Creed Features: Chapter and verse numbers have been removed from the text. The books are presented instead according to the internal divisions that we believe their authors have indicated. A single-column setting is used to present the text more clearly and naturally, and to avoid disrupting the intended line breaks in poetry. Footnotes, section headings and any other additional materials have been removed from the pages of the sacred text. Individual books that later tradition divided into two or more parts are put back together again. The books are arranged in an order that helps you understand the Bible more completely.

"A compelling account of African and European missionary translation teams working in Ghana and Togo from the 15th century into the 20th century. J. D. K. Ekem, director of the Institute of Mother-tongue Biblical Hermeneutics at Trinity Theological Seminary, Legon, Ghana, guides readers through an account of the earliest translations of biblical texts into the four main languages of Ghana and Togo, providing fascinating examples that illustrate the historical contexts and key translation issues, along with the daunting obstacles and ultimate triumphs of the early translation teams." -- Publisher description.

Asante Twi is the most widely spoken of the dialects of the Akan language, and Akan is spoken by about forty four percent of Ghana's population as a first language. It is also used as a second language by many others. The author, Professor of Linguistics at the University of Ghana, has written the book to introduce a non-Twi beginner to the spoken language, which forms the main focus. Dialogues are as natural and as close to current every day usage as possible. "...another book that should be very helpful to students and examiners in the Twi (Asante) language." (West Africa)
