The Lowdown: This Summary of Barbarians at the Gate is based on the book written by Bryan Burrough & Jon Helyar, and delves into the Leveraged Buyout of RJR Nabisco back in the 1980's. Burrough and Helyar are investigative journalists for the Wall Street Journal, and they tell the true story of reach for power by F. Ross Johnson within RJR Nabisco.

Barbarians serving in the Roman army, like all other Roman soldiers, faced difficult choices as political events buffeted their leaders and threatened their livelihoods. Honorius, Stilicho, Alaric, Galla Placidia, Constantius III and usurpers like Constantine III and Attalus left their imprints upon these years - coloring the fabric of political and spiritual life as much as they affected military affairs.

“One of the finest, most compelling accounts of what happened to corporate America and Wall Street in the 1980’s.” –New York Times Book Review A #1 New York Times bestseller and arguably the best business narrative ever written, *Barbarians at the Gate* is the classic account of the fall of RJR Nabisco. An enduring masterpiece of investigative journalism by Bryan Burrough and John Helyar, it includes a new afterword by the authors that brings this remarkable story of greed and double-dealings up to date twenty years after the famed deal. The Los Angeles Times calls *Barbarians at the Gate*, “Superlative.” The Chicago Tribune raves, “It’s hard to imagine a better story...and it’s hard to imagine a better account.” And in an era of spectacular business crashes and federal bailouts, it still stands as a valuable cautionary tale that must be heeded.

A collection of essays that discusses such issues as the media, immigration, the minimum

Read Free Barbarians Within The Gates Of Rome A Study Of Roman Military Policy And The Public Library 375 425 A D wage and multiculturalism.

One of conservatism's most articulate voices dissects today's most important economic, racial, political, education, legal, and social issues, sharing his entertaining and thought-provoking insights on a wide range of contentious subjects. --"This book contains an abundance of wisdom on a large number of economic issues." --Mises Review

The fight to control RJR Nabisco during October and November of 1988 was more than just the largest takeover in Wall Street history. Marked by brazen displays of ego not seen in American business for decades, it became the high point of a new gilded age, and its repercussions are still being felt. The ultimate story of greed and glory, *Barbarians at the Gate* is the gripping account of these two frenzied months, of deal makers and publicity flaks, of an old-line industrial powerhouse that became the victim of the ruthless and rapacious style of finance in the 1980s. Written with the bravado of a novel and researched with the diligence of a sweeping cultural history, here is the unforgettable story of the takeover in all its brutality.

Barbarians at the Gates of the Public Library is a philosophical and historical analysis of how the rise of consumerism has led to the decline of the original mission of public

Read Free Barbarians Within The Gates Of Rome A Study Of Roman Military Policy

Libraries to sustain and promote democracy through civic education. Through a reading of historical figures such as Plato, Helvetius, Rousseau, and John Stuart Mill, the book shows how democracy and even capitalism were originally believed to depend upon the moral and political education that public libraries (and other institutions of rational public discourse) could provide. But as capitalism developed in the 20th century it evolved into a postmodern consumerism that replaced democracy with consumerism and education with entertainment. Public libraries have mistakenly tried to remain relevant by shadowing the rise of consumerism, but have instead contributed to the rise of a new barbarism and the decline of democracy.

The Federation has endured for hundreds of years, but now it is dying, killed by the corruption and decadence of the Senate and the rising power of military warlords. The shipping lanes are coming apart, the colonists are revolting and outside forces are pressing against undefended borders. Now, as one warlord makes a bid for supreme power, the entire edifice is on the verge of falling apart. Two officers, bearers of a proud military tradition, may be all that stands between the Federation and total destruction. For Admiral Marius Drake, there is no greater cause than the survival of humanity's prized unity. For the young and ambitious Roman Garibaldi, the growing civil war offers a

Read Free Barbarians Within The Gates Of Rome A Study Of Roman Military Policy

chance of promotion far beyond the usual boundaries. Together, they will save the Federation or die trying. But with the Senate suspicious of any competent commanding officers, their success may condemn them to an inglorious death.

Journey into the realm of VHS tapes and midnight showings where brawny barbarians rescue nubile virgins from evil wizards, giant snakes, and armies of the undead! Although originating in the era of the pulp magazines, sword and sorcery fiction enjoyed a cinematic boom in the 1980s; a decade that gave us Conan the Barbarian and The Beastmaster as well as more low-budget offerings like the Roger Corman-produced Deathstalker series and the Italian entries like Conquest and the Ator saga. Some of these movies are fondly remembered as cult classics today but many were released directly to VHS and lurked on the shelves of video rental stores before vanishing into obscurity. While some have long since lost their lustre, there are plenty of diamonds in the rough to be found. This book takes a comprehensive look at over 40 sword and sorcery movies from the 1980s, from the towering titans to the bargain basement sleaze-fests, unearthing them from their tombs and dusting them off so that they may shine once more.

The study of language attitudes is the

Read Free Barbarians Within The Gates Of Rome A Study Of Roman Military Policy

Investigation of beliefs expressed about the nature of language and its diverse usages, how these attitudes came to exist and persist, and how these attitudes shape social action and policy. Language attitude studies have illuminated our understanding of racial issues, social and economic stratification, cultural stereotypes, educational issues, folk linguistics, and, more recently, popular culture. This volume is an examination of four intersections in language attitudes research: Authority, Affiliation, Authenticity, and Accommodation. In each section, the contributors introduce new dimensions to the study of language attitudes while providing examples of the ways in which the study of language attitudes can continue to inform and shape our understanding of language diversity.

A modern classic by Nobel Laureate J.M. Coetzee. His latest novel, *The Schooldays of Jesus*, is now available from Viking. *Late Essays: 2006-2016* will be available January 2018. For decades the Magistrate has been a loyal servant of the Empire, running the affairs of a tiny frontier settlement and ignoring the impending war with the barbarians. When interrogation experts arrive, however, he witnesses the Empire's cruel and unjust treatment of prisoners of war. Jolted into sympathy for their victims, he commits a quixotic act of rebellion that brands him an enemy of the state. J. M.

Read Free Barbarians Within The Gates Of Rome A Study Of Roman Military Policy

Coetzee's prize-winning novel is a startling allegory of the war between oppressor and oppressed. The Magistrate is not simply a man living through a crisis of conscience in an obscure place in remote times; his situation is that of all men living in unbearable complicity with regimes that ignore justice and decency. Mark Rylance (Wolf Hall, Bridge of Spies), Ciro Guerra and producer Michael Fitzgerald are teaming up to bring J.M. Coetzee's *Waiting for the Barbarians* to the big screen.
