The definitive story of the pioneering rock radio station that galvanized a city and a generation

With rare and unrivaled access, bestselling coauthor of *Soccernomics* and longtime *Financial Times* journalist Simon Kuper tells the story of how FC Barcelona became the most successful club in the world—and how that era is now ending FC Barcelona is not just the world’s highest grossing sports club, it is simply one of the most influential organizations on the planet. At last count, it had approximately 214 million social media followers, more than any other sports club except Real Madrid CF—and by one earlier measure, more than all thirty-two NFL teams combined. It has more in common with multinational megacompanies like Netflix or small nation-states than it does with most soccer teams. No wonder its motto is “More than a club.” But it was not always so. In the past three decades, Barcelona went from a regional team to a global powerhouse, becoming a model of sustained excellence and beautiful soccer, and a consistent winner of championships. Simon Kuper unravels exactly how this transformation took place, paying special attention to the club’s two biggest stars, Johan Cruyff and Lionel

Messi, who is arguably the greatest soccer player of all time. Messi joined Barça at age thirteen and, more than anyone, has been the engine and standard-bearer of Barcelona's glory. But his era is coming to an end—and with it, a once-in-a-lifetime golden run. This book charts Barça's rise and fall. Like many world-beating organizations, FC Barcelona closely guards its secrets, granting few outsiders access to the Camp Nou, its legendary home stadium. But after decades of writing about the sport and the club, Kuper was given access to the inner sanctum and the people behind the scenes who strive daily to keep Barcelona at the top. Erudite, personal, and capturing all the latest upheavals, his portrait of this incredible institution goes beyond soccer to understand FC Barcelona as a unique social, cultural, and political phenomenon.

The 2018 World Cup edition of the international bestseller and "the most intelligent book ever written about soccer" (San Francisco Chronicle) is updated throughout and features new chapters on the FIFA scandal, why Iceland wins, and women's soccer. Named one of the Best Books of the Year by the Guardian, Slate, Financial Times, Independent (UK), and Bloomberg News Written with an economist's brain and a soccer writer's skill, Soccernomics applies high-powered analytical tools to everyday soccer topics, looking at data and revealing counterintuitive truths about the world's most beloved game. It all adds up to a revolutionary new approach that has helped change the way the game is played. This World Cup edition features ample new material, including fresh insights into FIFA's corruption, the surge in domestic violence during World Cups, and Western Europe's unprecedented dominance of global soccer.

'This is a masterfully written history of the world's greatest football club. Més que un book!' - GARY LINEKER From the bestselling co-author of Soccernomics comes the story of how FC Barcelona became the most successful football club in the world - and how that envied position now hangs in the balance. Barça is not just the world's most popular sports club, it is simply one of the most influential organisations on the planet. With almost 250 million followers on social media and 4 million visitors to its Camp Nou stadium each year, there's little wonder its motto is 'More than a club'. But it was not always so. In the past three decades, Barcelona has transformed from regional team to global powerhouse, becoming a model of sporting excellence and a consistent winner of silverware. Simon Kuper unravels exactly how these transformations took place. He outlines the organisational structure behind the club's business decisions, and details the work of its coaches, medics, data analysts and nutritionists who have revolutionised the sporting world. And, of course, he studies the towering influence of the club's two greatest legends, Johan Cruyff and Lionel Messi. Like many leading global businesses, FC Barcelona closely guards its secrets, granting few outsiders a view behind the scenes. But, after decades of writing about the sport and the club, Kuper was given unprecedented access to the inner sanctum and to the people who strive daily to keep Barcelona at the top. Erudite,

personal, and capturing all the latest successes and upheavals, his portrait of this incredible institution goes beyond football to understand Barça as a unique social, cultural, and political phenomenon. "I began my research thinking I was going to be explaining Barça's rise to greatness, and I have, but I've also ended up charting the decline and fall."
