This is her funny, moving, and frankly bonkers memoir, filled with laughter, friends, and occasional heartache—but never misery. This memoir is full of riotous adventures: accidentally enrolling on a teacher training course with a young Dawn French, bluffing her way to each BBC series, shooting Lulu, trading wild faxes with Joanna Lumley, and touring India with Ruby Wax and Goldie Hawn.

BONKERS is an insight into her comedy roots--how she came to meet Dawn French and Ade Edmondson, when she started performing comedy, where, and with whom? Plus interesting and thoughtful insights about her personal life. This is an uplifting, funny book. How could it not be? I love people who are not afraid to laugh at themselves.

Hilarious monsters we've taken to our hearts. Bonkers is the story of how it all came about. Or at least the bits she recalls. The rest she made up. It's all here in this gloriously illustrated, entertaining memoir, that's packed with personal photos and reminiscences' **WOMAN & HOME** Joanna Lumley is one of Britain's undisputed national treasures. A single mum, iconic actress, voiceover artist and author, best known for her roles in **ABSOLUTELY FABULOUS** and **THE NEW AVENGERS**, she is a former model and Bond girl, a human rights activist for Survival International and the Gurkha Justice Campaign, and is now considered a 'national treasure' of Nepal as well as the UK. She has won two BAFTA awards, but it is the sheer diversity of her life that has made her so compelling a personality - early years in Kashmir and Malaya, growing up in Kent, then a photographic model before becoming an actress, appearing in a huge range of roles, and

Dear listener . . . I have been told that publishers these days like a particular type of memoir. They like a little bit of misery. They like a 'mis mem'. Well, I'm afraid I have had very little 'mis' in my life, and nowadays I have even less 'mem'. So we can knock that one on the head. In fact my brain is a bit soupy overall re the past. Was I really called 'Podge' as a child? Answer- yes. Was I really surly, apathetic and introverted at school? Apparently not. My mother has kept all my school reports. I imagined these would be a rich source of hilarity and irony, but they turn out to be

decidedly average. She has also stashed a good selection of my diaries- the Pony Club diary, the Honey diary, a diary with a small elf on the cover that was a present from my friend Karen. All these diaries are written in remarkable detail for the first couple of weeks of January. Then nothing. So a lot of the incidents that I will write about in this book may all have occurred in January. I have scant info re summers and autumns . . . So, dear listener, I will tell you all I remember, and embellish all that I don't. For my publishers' sake I shall name-drop regularly and mention royalty as much as possible. Press on.

campaigner; inventor; TV presenter and journalist: Joanna Lumley has played many roles in her lifetime, but rarely had the opportunity to reveal her true self. Intimate, funny, intriguing and moving, *No Room for Secrets* is a more surprising and revealing autobiography than any sensational 'kiss and tell' memoir you will ever read. Inside you will find the real Joanna Lumley.

A
hilarious and heartwarming memoir from one of Britain's best-loved comedians and Women's Prize longlisted author, Dawn French. Dawn French is one of the greatest comedy actresses of our time with a career that has spanned nearly four decades. Loved for her irreverent humour, Dawn has achieved massive mainstream success while continuing to push boundaries and challenge stereotypes. Here, she describes

the journey that would eventually establish her as a perhaps unlikely, but nevertheless genuine, national treasure. As part of the much loved duo French and Saunders, Dawn helped create a repertoire of brilliantly observed characters, impersonating everything from Madonna and Harry Potter to The Exorcist. Dawn's iconic role in the Vicar of Dibley showcased not only her talent but also her ability to take a controversial and topical issue and make it mainstream - and very funny. From her early years as an RAF child and her flat-sharing antics with Jennifer Saunders, to her outspoken views on sizism and her marriage to Lenny Henry, Dear Fatty chronicles the extraordinary and hilarious rise of a complex, dynamic and unstoppable woman.

Well hello to you dear browser. Now I have your attention it would be rude if I didn't tell you a little about my literary feast. So, here is the thing: is it just me or does anyone else find that adulthood offers no refuge from the unexpected horrors, peculiar lack of physical coordination and sometimes unexplained nudity, that accompanied childhood and adolescence? Does everybody struggle with the hazards that accompany, say, sitting elegantly on a bar stool; using chopsticks; pretending to understand the bank crisis; pedicures - surely it's plain wrong for a stranger to fondle your feet? Or is it just me? I am proud to say I have a wealth of awkward experiences - from school days to life as an office temp - and here I offer my 18-year-old self (and I hope you too dear
