Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers.

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book the authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. The text is comprehensive, authoritative, and modern and yet the material is presented at a common sense level. The discussions and illustrations are unique due to the depth of detail blended with a distinct sense of humor for which the book is well known and highly regarded. This text is a valued reference for thousands of practicing financial managers.

Brealey, Principles of Corporate Finance 13e describes the theory and practice of corporate finance. We hardly need to explain why financial managers must master the practical aspects of their job, but we should spell out why down-to-earth managers need to bother with theory. Throughout this edition, the authors demonstrate how managers use financial theory to solve practical problems. They also explore what financial managers should do to increase company value. Some of the biggest changes in this edition were prompted by the tax changes enacted in the U.S. Tax Cuts and Jobs Act passed in December 2017.

The Solutions Manual, carefully revised by Peter Crabb of Northwest Nazarene University, contains solutions to all basic, intermediate, and challenge problems found at the end of each chapter. This supplement can be purchased by students with instructor approval or can be packaged with this text at a discount.

This guide gives students a complete learning resource. It includes solutions to all Practice Problems and Challenge Problems from the text, an introduction to each chapter, key concepts, examples, chapter summaries, and chapter exercises with solutions.

The Solutions Manual, prepared by Bruce Swensen of Adelphi University, contains solutions to all end of chapter problems for easy reference.

We are pleased to present this Global Edition, which has been developed specifically to meet the needs of internationalInvestment students. A market leader in the field, this text introduces major issues of concern to all investors and placesemphasis on asset allocation. It gives students the skills to conduct a sophisticated assessment of watershed current issuesand debates. Bodie Investments' blend of practical and theoretical coverage combines with a complete digital solution tohelp your students achieve higher outcomes in the course.

How can all the nuts and bolts of a business be analyzed effectively in one comprehensive model and translated into a business plan? At various points in the life of a business, entrepreneurs will need to take stock of their ideas and plans and reformulate them in business and financial terms. How to Create a Successful Business Plan is about dynamic planning for businesses and provides a structured approach to business planning that focuses on the main components of the business model, while addressing key issues often raised by investors and potential business partners. It gives the company order and structure and helps managers optimize team integration and resources. The book provides a framework in which professionals from a broad range of backgrounds can work together on a successful business plan. Readers will find that the business model is discussed in depth, yet in accessible and easily understood terms. Contents:An Introduction to the Business Plan:What is a Business Plan?The Goals of the Business Plan ProcessPlanning the Business:Gathering Information and Analyzing the Business EnvironmentPlanningThe Written Business Plan:Writing the Business PlanConfidentiality and DisclosureGetting the Most Out of Your Business Plan:Promoting Your Business Plan Readership: Undergraduate and graduate business and management students; independent entrepreneurs; executives (in high-tech firms or in the more established industries); investors (such as angels or venture capitalists); and other potential business partners and service providers.
