Sir Charles Villiers Stanford (1852 – 1924) was an Irish composer, conductor, and teacher of music. He was educated at the University of Cambridge and continued his studies in Berlin and Leipzig. He was a very influential composer, responsible for making Cambridge University Musical Society an internationally-acclaimed organisation. Stanford was also a profuse composer, producing a large corpus of work in many genres; however, he is perhaps best remembered for his Anglican choral works for church performance. His music eventually became overshadowed by that of Edward Elgar and a number of his former pupils in the 20th century. This volume contains the original sheet music for six Irish folk–songs, composed by Stanford and written by Sir Thomas Moore. They include: "Oh! Breathe Not His Name", "What the Bee is to the Flow'ret", "At the Mid Hour of Night", "The Sword of Erin", "It is Not the Tear", and "Oh, The Sight Entrancing". The music is for alto, tenor, bass and piano. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in a modern, high-quality edition complete with a specially commissioned new introduction on the history of musical notation.

Titles include: Amazed Because You Love Me Breathe The Dance From This Moment On Holes in the Floor of Heaven How Do I Live I Hope You Dance I Swear The Keeper of the Stars When You Say Nothing at All You're Still the One and more.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

The ideal hands-on reference for piano students who want to strengthen their skills and refine their technique--and the perfect companion and next step to the bestselling Piano For Dummies. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Continuing the expansion of note-reading skills begun in Levels 1A–2A, this book includes melodic and harmonic 7ths and octaves to aid the student with moving freely around the keyboard. New items include the introduction of C and G major scales, as well as three-note V7 chords in C and G. Dotted quarter and eighth-note rhythm patterns are added to other rhythms of gradually increasing complexity. Each piece on the CD was recorded at a performance tempo and a slower practice tempo.
