York regional police put a call out on Twitter, saying that "if you're missing a horse, we found one." Const. Andy Pattenden says the horse's owner was found shortly afterwards. But he says...

~~'If you're missing a horse, we found one,' Horse wandering...~~

There are really only two reasons a horse gives unwanted behaviour - they either don't understand or it's easier for them not to do what we want. Unwanted movements are those which are not asked for and are nervous, inconsistent and indecisive e.g. fidgeting, baulking, stiffening rearing, bucking etc. Note these movements are not 'wrong' but they are reactions to you or the environment.

As featured in The Guardian. From the internet mischief-maker who brought you the "Knock Knock Hijack," in which he ran away with a friend's Facebook joke to hilarious effect, and "Hotel Graffiti," a series of peculiar messages hidden in hotel rooms around the world, comes "But... You're a Horse," a collection of pranks, anecdotes and gags that have nothing whatsoever to do with the cover of the book containing them. David Bussell's work has been featured in The Telegraph, The Huffington Post, BuzzFeed, B3TA, Digital Spy, and (quite without his permission) The Daily Mail. Things people have said about David Bussell: "Hilarious" Graham Linehan (Father Ted, The IT Crowd). "Really good" Shane Allen (BBC Controller of Comedy Commissioning). "Ha " Sam Bain (Peep Show, Fresh Meat).

When Roy gets a saddle for his birthday, he goes in search of a horse.

A struggling family-man's tale with satirical wit "straight out of Catch-22 and an unsung genius who might have wandered in from A Confederacy of Dunces" (Ben East, author of Sea Never Dry). On the day of his firing, Sam Bennett packs his things, smokes a joint, then leaves a pressed ham on the glass of O'Conner Advertising. Thus begins what seems like a downward spiral, until Sam finds himself among a cast of characters who open his eyes to a world of live streaming, skinny dipping, and grass brownies. While he still fights the occasional panic attack

and drags his son-in-law out of Lake Michigan, Sam's learning that a margarita, sombrero, and a conga line can turn even a quiet Chicago suburb into a hedonistic free-for-all. "What have you learned from this, Sam?" Dr. Krupsky asks, sitting naked in the pool with a cigar. "I should dance," Sam replies.

Written and illustrated by Timmons, the award-winning artist from NBCUs "Caroline in the City, Hold Your Horses" is full of irresistible pleasure and unexpected horse sense. Full color.

When eighth grader Abby Lovitt looks out at those pure-gold rolling hills, she knows there's no place she'd rather be than her family's ranch—even with all the hard work of tending to nine horses. But some chores are no work at all, like grooming young Jack. At eight months, his rough foal coat has shed out, leaving a smooth, rich silk, like chocolate. As for Black George, such a good horse, it turns out he's a natural jumper. When he and Abby clear four feet easy as pie, heads start to turn at the ring—buyers' heads—and Abby knows Daddy won't turn down a good offer. Then a letter arrives from a private investigator, and suddenly Abby stands to lose not one horse but two. The letter states that Jack's mare may have been sold to the Lovitts as stolen goods. A mystery unfolds, more surprising than Abby could ever expect. Will she lose her beloved Jack to his rightful owners? Pulitzer Prize winner Jane Smiley raises horses of her own, and her affection and expertise shine through in this inviting horse novel for young readers, set in 1960s California horse country and featuring characters from *The Georges* and *The Jewels*.

Get your relationship right with your horse and he'll try to get it right with you, too. It's not about following steps to success or special equipment. It's about very subtle signs that show him you are on his side, and when you're with him he can let you take responsibility for his safety. This is the heart of great horsemanship. *Be With Your Horse* is a clear and accessible guide to finding the best relationship with your horse. Tom Widdicombe invites the reader to embark on a search for the perfect partnership, learning how to make your horse a willing friend, and find the balance between leadership and respect. The book is full of practical advice applicable to all horse owners and horse lovers, and peppered with accounts of Tom's own experiences with horses and how they shaped his ideas about training horses and humans to achieve a greater understanding of one another.

Owning a horse is a lot of fun, but also requires a lot of responsibility. Designed for children ages 9 and up, this encouraging and informative guide introduces kids to both the satisfying rewards and the hard work that caring for a horse entails. With easy-to-understand language and clear illustrations, *Cherry Hill* covers every aspect of selecting, housing, feeding, and showing horses. Emphasizing an understanding of horse behavior, Hill provides kids with all the information they need to safely and successfully keep their own horse.

If you understand how your horse learns and why your training is effective, you can train faster, more ethically, and more sympathetically. Emma Lethbridge thoroughly but simply explains learning theory, and how to apply it in a way that is both efficient for training and holds the horse's welfare paramount. *Knowing Your Horse* will be a key resource for those wishing to better understand their horse's behavior, and to make the most of that understanding to improve their training.

techniques.

Nay-sayers beware! As a unicorn thinketh in it's heart, so it is! "A unicorn dares to be a self believer. It knows it's worth and value; it is it's own dream weaver."

ONE OF USA TODAY'S "20 SUMMER BOOKS YOU WON'T WANT TO MISS" In the bestselling tradition of works by such authors as Susan Orlean and Mary Roach, a New York Times reporter and Pulitzer Prize finalist explores why so many people—including herself—are obsessed with horses. It may surprise you to learn that there are over seven million horses in America—even more than when they were the only means of transportation—and nearly two million horse owners. Acclaimed journalist and avid equestrian Sarah Maslin Nir is one of them; she began riding horses when she was just two years old and hasn't stopped since. *Horse Crazy* is a fascinating, funny, and moving love letter to these graceful animals and the people who—like her—are obsessed with them. It is also a coming-of-age story of Nir growing up an outsider within the world's most elite inner circles, and finding her true north in horses. Nir takes readers into the lesser-known corners of the riding world and profiles some of its most captivating figures. We meet Monty Roberts, the California trainer whose prowess earned him the nickname "the man who listens to horses," and his pet deer; George and Ann Blair, who at their riding academy on a tiny island in Manhattan's Harlem River seek to resurrect the erased legacy of the African American cowboy; and Francesca Kelly, whose love for an Indian nobleman shaped her life's mission: to protect an endangered Indian breed of horse and bring them to America. Woven into these compelling character studies, Nir shares her own moving personal narrative. She details her father's harrowing tale of surviving the Holocaust, and describes an enchanted but deeply lonely upbringing in Manhattan, where horses became her family. She found them even in the middle of the city, in a stable disguised in an old townhouse and in Central Park, when she chased down truants as an auxiliary mounted patrol officer. And she speaks candidly of how horses have helped her overcome heartbreak and loss. Infused with heart and wit, and with each chapter named after a horse Nir has loved, *Horse Crazy* is an unforgettable blend of beautifully written memoir and first-rate reporting.
