Which Greek god makes the best parent? Would you want to be one of Artemis' Hunters? Why do so many monsters go into retail? Spend a little more time in Percy Jackson's world—a place where the gods bike among us, monsters man snack bars, and each of us has the potential to become a hero. Find out: • Why Dionysus might actually be the best director Camp Half-Blood could have • How to recognize a monster when you see one • Why even if we aren't facing manticores and minotaurs, reading myth can still help us deal with the scary things in our own lives Plus, consult our glossary of people, places, and things from Greek myth: how Medusa got her snake hair extensions, why Chiron isn't into partying and paintball like the rest of his centaur family, and the whole story on Percy's mythical namesake.

THE STORY: Told in a series of fast-paced, sharply etched scenes, the play traces the misadventures of three former college buddies now seeking to make their way in the big city—and with various women of their acquaintance. There is the cynical Jac

The illustrated book aims to provide a guide to fully understanding 'Feng Shui Tarot'. It provides an introduction for newcomers to the Tarot experience, and seeks to offer an alternative approach to combining ancient Chinese wisdom and spiritual belief. The deck's imagery is clearly delineated for the reader. Set includes custom spread sheet.

The legend of King Arthur and Camelot has become so popular over the ages that its archetypal characters and stories interact with the conscious and subconscious on the deepest levels. The Tarot, a powerful spiritual and divinatory tool, also works with the subconscious and conscious minds. It was only natural that the two should be combined. That is exactly what Anna-Marie Ferguson has done with her beautiful deck, Legend: The Arthurian Tarot. The cards are meticulously painted in beautiful watercolor and framed by Celtic knotwork with jewels. The deck follows the traditional Tarot structure of 22 Major Arcana cards and 56 Minor Arcana cards. The traditional Tarot card name, such as the Seven of Swords, appears at the top of the card, while the Arthurian scene depicted (in this case the Sword in the Stone) appears at the bottom. The beauty of these designs will thrill you with their depth and add new layers of meaning and interpretation to your Tarot readings. Included is a 72-page booklet which describes the mythic image on each card along with the divinatory meanings. The Horned One (formerly The Devil) is here named Cerunnos. You will learn who this deity is and his history. The Universe becomes The Giant's Dance, which relates to the mythic construction of Stonehenge. The Three of Swords is Palomides, the Saracene Knight who laments for his lost love, Isolde. The Nine of Cups is the Healing of the Maimed King, which describes how the Wasteland is renewed with the healing of its King on the sacred isle of Avalon. The booklet also includes instructions for two spreads. If you work with the Tarot, you will find that the myths illustrated on these cards will allow you to glean new interpretations and ideas from the cards. If you collect Tarot decks, the beauty and meaning of this deck will make you want to add this deck to your collection. If you love the Arthurian myths, you will want this deck for its beautiful depictions of the events in the Arthurian legends. And if you want to learn the legends of Camelot, these cards can even function as "flash cards," allowing you to easily learn and recall the adventures of the Arthurian knights. Let this deck, with its exquisitely rendered water color paintings, draw you into a compelling world of characters, places, and tales from all four branches of the ancient Arthurian legend.

At OCD the losers are tormented. At Alpha Academy, they're sent home. Skye Hamilton has scored an invitation to the ultra-exclusive Alphas-only boarding school where beta is spelled LBR .
