The Last Gasp takes us to the dark side of human history in the first full chronicle of the gas chamber in the United States. In page-turning detail, award-winning writer Scott Christianson tells a dreadful story that is full of surprising and provocative new findings. First constructed in Nevada in 1924, the gas chamber, a method of killing sealed off and removed from the sight and hearing of witnesses, was originally touted as a "humane" method of execution. Delving into science, war, industry, medicine, law, and politics, Christianson overturns this mythology for good. He exposes the sinister links between corporations looking for profit, the military, and the first uses of the gas chamber after World War I. He explores little-known connections between the gas chamber and the eugenics movement. Perhaps most controversially, he has unearthed new evidence about American and German collaboration in the production and lethal use of hydrogen cyanide and about Hitler's adoption of gas chamber technology developed in the United States. More than a book about the death penalty, this compelling history ultimately reveals much about America's values and power structures in the twentieth century.

Between 1623 and 1960 (the date of the last execution as of 1999), Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont legally put to death more than 700 men and women for a wide variety of capital crimes ranging from army desertion to murder. This is a companion volume to Legal Executions in New York State and Legal Executions in New Jersey, both published by McFarland. It is comprised of chronologically arranged biographical entries for the executed persons. Each entry gives personal data on the executed person, including age, ethnicity, and gender, as well as a detailed account of the crime for which he or she was sentenced to death and information on the place and method of execution. Fully indexed.

Theodore Hamm uses the 1960 execution of Caryl Chessman as a lens for examining how politics and debates about criminal justice became a volatile mix that ignited postwar California. The effects of those years continue to be felt as the state's three-strikes law and expanding prison-construction program spark heated arguments over rehabilitation and punishment. Known as the Red Light Bandit, Chessman allegedly stalked lovers' lanes in Los Angeles. Eventually convicted of rape and kidnapping, he was sentenced to death in 1948. In prison he gained significant notoriety as a writer, beginning with his autobiographical Cell 2455 Death Row (1954). In the following years Chessman presented himself not only as an innocent man but also as one rehabilitated from his prior life of crime. He acquired an enthusiastic audience among leading criminologists, liberal intellectuals, and ordinary citizens, many of whom engaged in protests to halt Chessman's execution. Hamm analyzes how Chessman convinced thousands of Californians to support him, and why Governor Edmund G. (Pat) Brown, who opposed the death penalty, allowed the execution to go forward. He also demonstrates the intrinsic limits of the popular commitment to the rehabilitative ideal. Rebel and a Cause places the Chessman case in a broad cultural and historical context, relating it to histories of prison reform, the anti-death penalty movement, the popularization of psychology, and the successive rise and decline of the New Left and the more enduring rise of the New Right.

Sexy, surprising, and subversively wise, Babyji is the story of Anamika Sharma, a spirited student growing up in Delhi. At school she is an ace at quantum physics. At home she sneaks off to her parents' scooter garage to read the Kamasutra. Before long she has seduced an elegant older divorcée and the family servant, and has caught the eye of a classmate coveted by all the boys. With the world of adulthood dancing before her, Anamika confronts questions that would test someone twice her age. Ebullient, unfettered, and introducing one of the most charming heroines in contemporary fiction, Babyji is irresistible.

"On Easter Sunday, 1475, the dead body of a two-year-old boy named Simon was found in the cellar of a Jewish family's house in Trent, Italy. Town magistrates arrested all eighteen Jewish men and one Jewish woman living in Trent on the charge of ritual murder - the killing of a Christian child in order to use his blood in Jewish religious rites. Under judicial torture and imprisonment, the men confessed and were condemned to death; their women-folk, who had been kept under house arrest with their children, denounced the men under torture and eventually converted to Christianity. A papal hearing in Rome about possible judicial misconduct in Trent made the trial widely known and led to a wave of anti-Jewish propaganda and other accusations of ritual murder against the Jews." "In this engrossing book, R. Pochia Hsia reconstructs the events of this tragic persecution, drawing principally on the Yeshiva Manuscript, a detailed trial record made by authorities in Trent to justify their execution of the Jews and to bolster the case for the canonization of "little Martyr Simon." Hsia depicts the Jewish victims (whose testimonies contain fragmentary stories of their tragic lives as well as forced confessions of kidnap, torture, and murder), the prosecuting magistrates, the hostile witnesses, and the few Christian neighbors who tried in vain to help the Jews. Setting the trial and its documents in the historical context of medieval blood libel, Hsia vividly portrays how fact and fiction can be blurred, how judicial torture can be couched in icy orderliness and impersonality, and how religious rites can be interpreted as ceremonies of barbarism."--BOOK JACKET.
