Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

This test book serves as a companion resource to The Story of Civilization: The History of the United States. With this book, students can test their reading comprehension and further educate themselves on the content found in the text. One quiz corresponds to each chapter in the text book. Questions for each chapter are suitable as a study exercise or as an objective answer test, with an answer key for teachers in the back. The questions include matching items, multiple choice, and true/false. The suggested age range for the Test Book is 5th-8th grade.

The Chapter Answer Book will provide a balance of both formal requirements of the USP chapter as well as practical advice and consideration in complying with the chapter. The reader will be able to follow a nonsterile product from receipt to preparation in a healthcare facility, addressing core elements of the USP chapter. The standards outlined in this chapter include: Facility design specification Personnel training and core competencies Suggested approaches for documenting competency Work practices to meet requirements and best practices Guidelines, procedures, and compliance requirements for compounding nonsterile preparations Compounding quality nonsterile preparations Beyond use dating guidance and training And much more... Author Patricia Klenle is a known authority on sterile compounding. She currently serves as a member of the USP Compounding Expert Committee and was Chair of the subcommittee and Expert Panel that developed USP as a guide for practical advice and explanation to help ensure compliance with the requirements of USP .
