The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants. There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more important, it will help you get your Mopar back on the road! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Arial} In 1951 Chrysler produced its first ever V8 engine - and what an engine it was! Technically advanced and featuring hemispherical combustion chambers, the new "Hemi-Head" engine produced much more power in relation to its capacity than any of its competitors could manage. In 1955 the new Chrysler C-300 was launched. The new model combined muscle (300 horse-power), style (by Virgil Exner) and superb handling for what was a large car. In its first year of production the new C-300 would win both major American stock car racing series: NASCAR and AAA. So began the legend and for each of the next ten years a new 300 model, identified by a different letter of the alphabet, would appear. Here, from C-300 to 300L, is the full story of Chrysler's famous 300 Letter series - "America's Most Powerful Car."
