The Wars Carl von Clausewitz's "On War" The character of Levitt quotes frequently from Carl von Clausewitz's Vom Kriege (On War), his most notable work, unfinished at the time of his death. Clausewitz was born on June 1, 1780 in the Kingdom of Prussia to a lower middle-class family.

~~The Wars Carl von Clausewitz's \"On War\" | GradeSaver~~

1. Destruction of the enemy's military force, is the leading principle. 2. This destruction must be principally effected by means of battle. 3. Only great battles produce great results.

~~Squashed Philosophers - Clausewitz - On War~~

Clausewitz begins his treatise by dispelling the foolish notions which many wish to bring to the matter of armed conflict. First, the desire to minimize the destructive nature of conflict; to try and find some sort of clever path forward which disarms the enemy, without inflicting pain in the process.

~~Reflections on Clausewitz's "On War"; Chapter 1 - Stares ...~~

Clausewitz defines the "single elements" of his subject and thus to advance from the simple to the complex while outlining the shape of the whole (that is, war). War is defined as "an act of violence to compel our opponent to fulfil our will." Violence is the means, the imposition of will is the end.

## Where To Download Clausewitz On War Summary

Clausewitz focuses on the classical issues of field combat, army formation, the relationship between battles and wars, the character of military leaders and troops and so on. On War contains several crucial ideas. From the outset, Clausewitz emphasizes the contrast between the physical and moral aspects of war.

~~On War Summary & Study Guide - www.BookRags.com~~

Thus Clausewitz tells us that the conscious conduct of war (strategy, etc.) should be a continuation of rational calculation and policy, but also that war inevitably originates and exists within the chaotic, unpredictable realm of politics.

~~Clausewitz: ON WAR. A Book Review Essay.~~

Clausewitz argues that the purpose of war is to disarm your opponent and thereby force him to give you what you want. Based on this premise, he concludes that wars are essentially unwinnable on the battlefield: it is virtually impossible to completely disarm your opponent through might alone.

~~On War by Carl von Clausewitz - Goodreads~~

To Clausewitz, 'War is nothing but a duel on an extensive scale... an act of violence intended to compel our opponent to fulfill our will,' directed by political motives and morality. (Clausewitz 1940: Book I, Ch. I) War is neither a scientific game nor an international sport; it is an act of violence, characterized by destruction.

~~Clausewitz: War, Peace and Politics~~

Carl von Clausewitz's On War (1832) is considered one of the most important classical works on the philosophy of war. It is a difficult and dense book that few dare to explore entirely, but many of its ideas have become widely known, principally that famous aphorism: 'war is the continuation of politics by other means'.

~~Book Review: Rebooting Clausewitz: On War in the 21st ...~~

Before Clausewitz left Prussia in 1812 to join the Russian army and resist Napoleon, he prepared an essay on war to leave with the sixteen year-old Prussian Crown Prince Friedrich Wilhelm (later King Friedrich Wilhelm IV, r.1840-1858), whose military tutor he had become in 1810.

~~Clausewitz: The Principles of War~~

Carl Philipp Gottfried (or Gottlieb) von Clausewitz<sup>[note 1]</sup>(/ˈklɑːzʊvʊts/; 1 June 1780 – 16 November 1831) was a Prussian general and military theorist who stressed the "moral" (meaning, in modern terms, psychological) and political aspects of war. His most notable work, Vom Kriege (On War), was unfinished at his death.

~~Carl von Clausewitz - Wikipedia~~

Clausewitz, On War (1831), Book VI, Chapters 1-9; 23-30 Thesis: Tactically, defense is the stronger form of war (with a weaker—or negative—object). Stated precisely, the defensive form of warfare is intrinsically stronger than the offense (353). Attack is the weaker form of war with a positive object.

Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

The most authoritative and feature-rich edition of On War in English Carl von Clausewitz's On War is the most significant attempt in Western history to understand war, both in its internal dynamics and as an instrument of policy. Since the work's first appearance in 1832, it has been read throughout the world, and has stimulated generations of soldiers, political leaders, and intellectuals. First published in 1976 and revised in 1984, Michael Howard and Peter Paret's Princeton edition of Clausewitz's classic work has itself achieved classic status and is widely regarded as the best translation and standard edition of On War in English. This feature-rich edition includes an essay by Paret on the genesis of Clausewitz's book, an essay by Howard on Clausewitz's influence, and an essay by Bernard Brodie on the continuing relevance of On War. In addition, Brodie provides a lengthy and detailed commentary on and guide to reading On War, and the edition also includes a comprehensive index.

## Where To Download Clausewitz On War Summary

Carl von Clausewitz has long been interpreted as the paradigmatic thinker of major interstate war. This book challenges this assumption by showing that Clausewitz was an ardent analyst of small war and integrated many aspects of his early writings on partisan warfare and people's war into his magnum opus, *On War*. It reconstructs Clausewitz's intellectual development by placing it in the context of his engagement with the political and philosophical currents of his own times - German Idealism, Romanticism, and Humanism. The central question that Clausewitz and his contemporaries faced was how to defend Prussia and Europe against Napoleon's expansionist strategy. On the one hand, the nationalization of war that had occurred as a result of the French Revolution could only be countered by drawing the people into the defence of their own countries. On the other, this risked a descent into anarchy and unchecked terror, as the years 1793 and 1794 in France had shown. Throughout his life Clausewitz remained optimistic that the institution of the Prussian Landwehr could achieve both an effective defence of Prussia and a social and political integration of its citizens. Far from leaving behind his early advocacy of people's war, Clausewitz integrated it systematically into his mature theory of war. People's war was war in its existential form; it risked escalating into 'absolute war'. However, if the threat of defensive people's war had become a standard option of last resort in early-nineteenth century Europe, it could also function as a safeguard of the balance of power.

A major contribution to our understanding of contemporary warfare and strategy by one of the world's leading military historians.

"The marriage between Carl von Clausewitz and Countess Marie von Breuhl was an unlikely partnership. A wealthy, cultured, politically-literate but plain woman with interests of her own, Marie's marriage to a less-fortunate, then-unknown officer in 1810 did not make sense by most accounts. But their relationship was forged by a love for each other, a deep sense of trust, and a meeting of the minds over common interests, one that would shape Clausewitz' opus, *On War*. Marie von Clausewitz is the first biography to shed light on Marie's illustrious life before she met Clausewitz and how she used her refined upbringing and social insights to inform his thoughts on warfare and politics. A newly-discovered archive of correspondence reveals details of their relationship and the extent of Marie's imprint on the theories that eventually comprised *On War*, from their courtship to the days of the Napoleonic War. This was a partnership - in the truest sense of the word, atypical for its time - and a form of continuing education for Clausewitz. The two came to a 'collaborative opinion' on many topics, from the moral implications of war to the emotional constitution required of an extraordinary person to affect change. Bellinger shows how Marie, a highly educated woman of Prussia's upper echelon, broadened Clausewitz's understanding of the cultural and political processes of the time; provided him with insights into the practical side of daily politics; sharpened his writing style; and served as the catalyst for his ideas. Marie added insight from the perspective of a spouse and caretaker, close enough to the battle to observe the physical and emotional effects of combat. The issues that Marie raised about the difficulties of war, such as social isolation and treatment of veterans, will resonate with readers today. Marie von Clausewitz sheds light on an extraordinary life and mind, offering compelling insights into class and gender in 19th century Europe and a seminal text in military history"--

The Book of War: The Military Classic of the Far East, Sun Tzu, Classics, prabhat books, low price books, prabhat books on kindle

This is the first book to apply the Clausewitzian Trinity of 'passion, chance, and reason' to the experience of real war. It explores the depth and validity of the concept against the conflicts of former Yugoslavia - wars thought to epitomise a post-Clausewitzian age. In doing so it demonstrates the timeless message of the Trinity, but also ties the Trinitarian idea back into Clausewitz's political argument. Intended to build on the existing corpus of scholarship, this book differs from the existing literature in two ways. By applying the Trinity to the wars of former Yugoslavia 1991-1995, it explores war at its micro-foundations, assessing the complex cause-and-effect nexus of reciprocity produced by actions between belligerents embroiled in dynamic competition perpetuated by their own interaction. Providing valuable insights into the complexities of real war fuelled by passion, undermined by chance, and shaped by reason, it is the first study to bridge the Clausewitzian world of theory with real experience. Examining each part of the triad separately, the book explores the multiple manifestations of hostility and chance, before then assessing the influence of these elements on the policies of the belligerents as the war evolved.

Carl von Clausewitz's book *On War* is one of the most widely read and cited studies of armed conflict. However, many of his writings on the subject of warfare are not well known because they have never been translated. This book contains the first English-language translation of Clausewitz's *Lectures on Small War* held at the Prussian War Academy in 1810 and 1811 as well as other works devoted to the analysis of small unit warfare. Anyone interested in understanding the dynamics of insurgencies, guerrilla war, and asymmetric conflict as well as the evolution of Clausewitz's thinking on war will want to read this book.

DIV The most cited, most controversial, and most modern book on warfare. The author examines moral and psychological aspects of war: courage, audacity, self-sacrifice, the importance of morale and public opinion, more. /div
