This best-selling textbook returns for a seventh edition with material on the most fundamental and fascinating issues in sociology today. The authors continue their tradition of focusing on the big picture, with an emphasis on race, class, and gender in every chapter. The text continues to frame sociological debates around the major theoretical perspectives of sociology and focus on capturing students' imaginations with cutting-edge research and real-world events. The hallmark of the book continues to be clear writing that helps students understand the intricacies of the discipline like no other textbook on the market. New to the seventh edition Expanded focus on new social movements such as Black Lives Matter, Occupy Wall Street, and the Tea Party. Updates on both the 2012 and 2016 elections. New discussions of Donald Trump and the immigration debate; causes and consequences. New discussions of "patriot" movements, racism, and the reaction to the first African American president. Expanded coverage of sexual orientation and LGBT issues. Updates on gay rights and the historic legalization of same-sex marriage. New sections on cyber life discussion issues such as cyber bullying and public shaming; WikiLeaks, Edward Snowden, and NSA spying; sexting and youth culture; the Arab Spring; and social media activism. New coverage of the so-called "he-cession" and the rise of women managers (whom employers still see as risky but, increasingly, as highly talented). Updates on health-care reform, five years on and the efforts to repeal and replace "Obamacare". Expanded coverage of mass shootings and the corresponding policy debates. Expanded coverage and new focus on police-involved shootings and gun control in the "Deviance, Crime, and Social Control" chapter. New discussions of the sociology of finance, including the role of financial derivatives in the 2008 global financial crisis. New photos and updated figures and tables throughout the text.

Discovering a magical pencil that imparts answers to her questions, Ava and her best friend, Sophie, learn the pencil's rules and become increasingly reliant on its replies until it reveals a scary truth about Ava's family. By the award-winning author of the Marty McGuire series.

Raising children today is challenging for parents. But it is also equally demanding to be a child growing up in today's society. Today's children are constantly bombarded with information overload and they are always asking a lot of questions. As young children are always looking up to someone to answer questions, honestly and respectfully, *Common Sense for Young Minds: The Tween Companion Book, Series I* is not a pretence book, but answers questions honestly inside the pages of the book. *Common Sense for Young Minds* offers an open mind, for children to seek out and ask questions, without the fear of being taken advantage of by someone for self-interest, or taking advantage of the vulnerability of a child's point of view. Many children in this book are your own ages, and they share the same values, speak the same language and ask the same questions. This book will give you the best possible answers to the questions and concerns children may have, including family and their health. Enjoy these short, seventeen easy-to-read stories about children and families from the following countries: Australia, Austria, Belgium, Bolivia, Canada, China, Egypt, England, Germany, Greece, India, Iraq, Jamaica, Malawi, Russia Federation, South Africa, West Africa and the United States. These stories will make both adults and children smile, and children will feel a part of this book for a lifetime.

This text explains the three basic sociological perspectives - functionalist, conflict, and symbolic interactionist.

Challenging assumptions that have underpinned critiques of globalisation and combining cultural theory with media industry analysis, Keane, Fung and Moran give a groundbreaking account of the evolution of television in the post-broadcasting era, and how programming ideas are creatively redeveloped and franchised in East Asia. In this first comprehensive study of television program adaptation across cultures, the authors argue that adaptation, transfer, and recycling of content are multiplying to the point of marginalising other economic and cultural practices. They also show that significant re-modelling of local TV production practices occur when adaptation is genuinely responsive to local values. Examples of East Asian format adaptations include *Survivor*, *Who Wants to be a Millionaire?*, *The Weakest Link*, *Coronation Street*, and *Idol*.
