Gain Confidence When Speaking. Contrary to what poets will have you believe, our "speech" often reflects our most vulnerable expressions. If you're anxious or lacking confidence, you can still learn to mask its expression in your eyes with practice. But it is bound to come out sooner or later in your speech.

The book highlights on building self-confidence, preparing for presentations, practicing with

people and equipment, choosing a topic, audience analysis and handling difficult questions during and after presentations. The Confident Speaker will guide you through the speech-making process. We believe that it is important to focus on the practical process of speech making because we want this book to be a user-friendly guide to creating, researching and presenting public speeches. The Confident Speaker does not only teach speech principles by describing them but also shows them in action through extensive examples and extracts from real speeches. As a result, readers can read speech examples in the book and use them to practice.

Students write lots of reports, but how do they turn their hard work into appealing oral reports? Where can they learn to present their research with flair and style? Convinced that public speaking fears outranked all other fears, the authors combined their years of teaching novice speakers to set forth their techniques for reducing apprehension and sharpening communication performance skills. The three basic techniques stressed are cognitive structuring (or attitude change), relaxation techniques and skills training. All of the topics addressed herein are intended for students in basic speech communication classes. Some of the topics are: the process of communication, assessing yourself as a communicator, improving attitudes and reducing apprehension, preparing and delivering a public speech, improving skills in group discussions as well as in all types of social relationships. First published by Harper and Row in 1986.
