standard reference for creative professionals everywhere, this classic resource has been updated and enhanced * Written by Acrobat and PDF guru Ted Padova, the book is packed with real-world insights and techniques gained from the author's use of Acrobat and PDF every single day under deadline situations * Covers everything there is to know about using Acrobat and PDF for print prepress, the Internet, CD-ROMs, and all manner of new media * The CD-ROM includes third-party Acrobat tools, a searchable PDF version of the book, and ready-to-use forms, plug-ins, and utilities.

As a market-leading, free, open-source Linux operating system (OS), Fedora 10 is implemented in Red Hat Enterprise Linux and serves as an excellent OS for those who want more frequent updates. Bestselling author Christopher Negus offers an ideal companion resource for both new and advanced Linux users. He presents clear, thorough instructions so you can learn how to make Linux installation simple and painless, take advantage of the desktop interface, and use the Linux shell, file system, and text editor. He also describes key system administration skills, including setting up users, automating system tasks, backing up and restoring files, and understanding the latest security issues and threats. Included is both a DVD distribution of Fedora Linux 10 and a bootable Fedora LiveCD. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
