In his first baseball-related book, Cooperstown Confidential: Heroes, Rogues, and the Inside Story of the Baseball Hall of Fame, Zev Chafets reveals the American institution's inner workings and complex history through a 21st century lens of favoritism, racism, and institutionalized privilege. A lifelong Detroit Tigers fan, Chafets skillfully tracks seven decades of hypocrisy in the National Baseball Hall of Fame and Museum.

In Cooperstown Confidential, Zev Chafets does not merely humanize the Hall and its inhabitants—he paints a fascinating, in-depth, occasionally outlandish portrait to be hung alongside the busts of the Babe and Hammerin’ Hank. Chafets knocks this one over the Green Monster.👍👍 Jeff Pearlman, author of Boys Will Be Boys and The Bad Guys Won

Cooperstown Confidential: Heroes, Rogues, and the Inside ...

Read "Cooperstown Confidential Heroes, Rogues, and the Inside Story of the Baseball Hall of Fame" by Zev Chafets available from Rakuten Kobo. If baseball is America's national religion, then the Hall of Fame is its High Church. Being named among its 286 inductee...

This penetrating, funny book reveals the inner workings of the Hall of Fame: the politics, the players, and the people who own and preserve it. From the history of the founding Clark family to a day on the town with the newly inducted Goose Gossage; from the battle over steroids to the economics of induction and secret campaigns by aspiring players, this is a highly irreverent and highly entertaining tour through the life of an American institution. For anyone who cares about baseball, this is essential reading.

If baseball is America's national religion, then the Hall of Fame is its High Church. Being named among its 286 inductees makes you the closest thing our country has to an undisputed hero - even a secular saint. But the men in the Hall of Fame are no angels. Among their number are gamblers, drunks, race-baiters, at least one murderer, and perhaps the greatest collection of bona fide characters ever to be dignified by an honor of any kind. This is the book the Hall of Fame deserves. Along with the story of the institution comes a smart, irreverent discussion of some of the great barstool questions of all time (Why did Jim Bunning make the Hall but not Mickey Lolich? How much is it worth to a player's autograph-signing career to get in? Did Ty Cobb really kill somebody?) and a fresh look at some of the Hall's most and least admirable characters. Taken in all, it amounts to a shadow history of America's Game, shown through the prism of its most sacred spot. Written with a deep love of the game and a hardened skeptic's eye, this is a book to incite both passionate conversation and a fresh appreciation of baseball as a mirror and catalyst for our nation's culture.

A portrait of the National Baseball Hall of Fame notes its role in breaking down racial barriers and the ways in which it has been shaped by historical events, discussing such topics as the story of the founding Clark family, the proposed wing honoring Latino players, and the economics of the induction process.

Nearly every year since 1939, baseball's most outstanding players, umpires, pioneers and executives have been enshrined at Cooperstown in a public ceremony attracting thousands of fans from across (and sometimes beyond) the United States. Whether conferred by the Baseball Writers Association of America, the Veterans Committee, or in the case of 17 Negro League greats in 2006, an ad hoc committee of historians, Hall of Fame membership is the game's highest honor. This book covers the origins and history of the Hall of Fame museum and its election process, provides general information on each year's class and induction ceremony, and includes concise biographical and career discussion for every Hall of Famer, as well as commentary on his (Efa Manley is the lone female) path to election, and highlights of his speech.

👉Football is force and fanatic, basketball is beauty and bounce. Baseball is everything: action, grace, the seasons of our lives. George Vecsey's book proves it, without wasting a word.👍👍Lee Eisenberg, author of The Number In Baseball, one of the great bards of America's Grand Old Game gives a rousing account of the sport, from its pre-Republic roots to the present day. George Vecsey casts a fresh eye on the game, illuminates its foibles and triumphs, and performs a marvelous feat: making a classic story seem refreshingly new. Baseball is a narrative of America's can-do spirit, in which stalwart immigrants such as Henry Chadwick could transplant cricket and rounders into the fertile American culture and in which die-hard unionist baseballers such as Charles Comiskey and Connie Mack could eventually become the tightfisted avatars of the game's big-money establishment. It's a celebration of such underdogs as a rag-armed catcher turned owner named Branch Rickey and a sure-handed fielder named Curt Flood, both of whom flourished as true great men of history. But most of all, Baseball is a testament to the unbreakable bond between our nation's pastime and the fans, who've remained loyal through the fifty-year-long interdict on black athletes, the Black Sox scandal, franchise relocation, and the use of performance-enhancing drugs by some major stars. Reverent, playful, and filled with Vecsey's charm, Baseball begs to be read in the span of a rain-delayed doubleheader, and so enjoyable that, like a favorite team's championship run, one hopes it never ends. 📖Vecsey possesses a journalist's eye for detail and a historian's feel for the sweep of action. His research is scrupulous and his writing crisp. This book is an instant classic!a highly readable guide to America's great enduring pastime.👍👍The Louisville Courier Journal

Although most baseball fans are familiar with the on-the-field accomplishments of Hall of Famers, few are as knowledgeable regarding who the players were beyond the ballpark. This book probes into the personal lives of fifty members of the Hall of Fame, examining their childhoods, families, influences, impactful life-changing events, and more.

"Much has been written about Ruth, but as someone who teaches sports marketing, I really appreciate the angle taken by Barthel, who reveals how the most marketable athlete of his day parlayed great celebrity into business opportunities. This book has much to offer baseball fans and marketing scholars alike."👍John Fortunato, author of Sports Sponsorship: Principles and Practices and Commissioner: The Legacy of Pete Rozelle. From his first year in the majors, George Herman "Babe" Ruth knew he could profit from celebrity. Babe Ruth Cigars in 1915 marked his first attempt to cash in. Traded to the Yankees in 1920, he soon signed with Christy Walsh, baseball's first publicity agent. Walsh realized that stories of great deeds in sports were a commodity, and in 1921 sold Ruth's ghostwritten byline to a newspaper syndicate for \$15,000 (\$187,000 today). Ruth hit home runs while Walsh's writers made him a hero, crafting his public image as a lovable scalawag. Were the stories true? It didn't matter—they sold. Many survive but have never been scrutinized until now. Drawing on primary sources, this book examines the stories, separating exaggerated facts from clear falsehoods. This book traces Ruth's ascendance as the first great media-created superstar and celebrity product endorser.

Laurie Kirszner and Stephen Mandell, authors with nearly thirty years of experience teaching college writing, know what works in the classroom and have a knack for picking just the right readings. In Patterns for College Writing, they provide students with exemplary rhetorical models and instructors with class-tested selections that balance classic and contemporary essays. Along with more examples of student writing than any other reader, Patterns has the most comprehensive coverage of active reading, research, and the writing process, with a five-chapter mini-rhetoric; the clearest explanations of the patterns of development; and the most thorough apparatus of any rhetorical reader, all reasons why Patterns for College Writing is the best-selling reader in the country. And the new edition includes exciting new readings and expanded coverage of critical reading, working with sources, and research. It is now available as an interactive Bedford e-book and in a variety of other e-book formats that can be downloaded to a computer, tablet, or e-reader. Read the preface.

Looks at the rivalry between African American Brooklyn Dodgers teammates Jackie Robinson and Roy Campanella, whose attitudes toward integration and race relations differed so much that they became estranged for nearly ten years.

Profiles the Jewish-American baseball player who, in 1934, risked his chance to beat Babe Ruth's home run record by sitting out a game on Yom Kippur, and describes his impact on Jewish-American history.
