"Dead Doctors Don't Lie" by Dr. Joel Wallach. I'm Barbara Nicholson, a little over a year ago, my husband dropped dead of cardiac myopathy. And it just nearly killed me. A good friend of mine, Dr. Henry Curtiss, from Denver, Colorado, called me. He said, "I just want you to listen to this tape." I didn't do it.

Dead Doctors Don't Lie by Dr. Joel Wallach

In 1997 I heard an audio cassette tape called Dead Doctors Don't Lie by Dr. Joel Wallach. I found the message fascinating and I wanted everyone I knew to hear it. Dr. Wallach claimed that humans are designed to live beyond the age of 100... IF we give our body all the raw materials (90 Essential Nutrients) that it needs. I had been a Bible teacher for many years so two things stood out to me from Dr. Wallach's message.

Skyrocketing health-care costs today are forcing many people to take another look at conventional medical treatment and determine how they can eliminate a major portion of costly medical expenses. Dr. Joel D. Wallach and Dr. Ma Lan discuss the importance of the ninety essential nutrients and sixty essential minerals and how they affect your body and health. Their principle medical axiom is this: It's not what you eat that kills you, it's what you don't eat. Dr. Wallach has been involved in biomedical research and clinical medicine for 30 years. He received his B.S. Degree from the University of Missouri. Dr. Ma Lan was educated in the Peoples Republic of China. She received her M.D. from Beijing Medical University, took her residency in Peoples Hospital, Beijing and was a staff surgeon at the Canton Air Force Hospital.

WHAT IS EPIGENETICS? Epigenetics is an emerging field of science that studies alterations in gene expression caused by factors other than changes in the DNA sequence. Epigenetics: The Death of the Genetic Theory of Disease Transmission is the result of decades of research and its findings that could be as critical to our understanding of human health as Pasteur's research in bacteriology. Dr. Joel "Doc" Wallach has dedicated his life work to identifying connections between certain nutritional deficiencies and a range of maladies, formerly thought to be hereditary, including Cystic Fibrosis and Muscular Dystrophy. This nexus between nutrition and so-called genetic disease has been observed in both humans and primates, and it is the central theme of Epigenetics. To bring us Epigenetics, Wallach has teamed with noted scholars Dr. Ma Lan and Dr. Gerhard N. Schrauzer. Their collective expertise gives this book its far reaching perspective. Epigenetics is of vital importance to anyone who wants real knowledge about how the human body functions, and it provides a path for better health. Epigenetics dispels the dogma and misinformation propagated by medical institutions and doctors resistant to change. Epigenetics is the beginning of a new era of well-being on this planet.

How the 12 cranial nerves in your head effect your bodies health and how to fix it.

Has your doctor lied to you? Eat low-fat and high-carb, including plenty of "healthy" whole grains--does that sound familiar? Perhaps this is what you were told at your last doctor's appointment or visit with a nutritionist, or perhaps it is something you read online when searching for a healthy diet. And perhaps you've been misled. Dr. Ken Berry is here to dispel the myths and misinformation that have been perpetuated by the medical and food industries for decades. This updated and expanded edition of Dr. Berry's bestseller Lies My Doctor Told Me exposes the truth behind all kinds of "lies" told by well-meaning but misinformed medical practitioners. Nutritional therapy is often overlooked in medical school, and the information provided to physicians is often outdated. However, the negative consequences on your health remain the same. Advice to avoid healthy fats and stay out of the sun has been proven to be detrimental to longevity and wreak havoc on your system. In this book, Dr. Berry will enlighten you about nutrition and life choices, their role in our health, and how to begin an educated conversation with your doctor about finding the right path for you. This book will teach you: how doctors are taught to think about nutrition and other preventative health measures, and how they should be thinking how the Food Pyramid and MyPlate came into existence and why they should change the facts about fat intake and heart health the truth about the effects of whole wheat on the human body the role of dairy in your diet the truth about salt--friend or foe? the dangers and benefits of hormone therapy new information about inflammation and how it should be viewed by doctors Come out of the darkness and let Ken Berry be your guide to optimal health and harmony!

An emergency physician discusses the importance of a doctor's honesty and communication as part of connecting personally with patients, in an account that challenges popular opinions about such topics as pharmaceuticals, standardized testing, and CPR. Reprint.

How you can regenerate and fuel your neural system with the natural nutrition you need for optimal functioning. Reclaim your mind from cultural conditioning and connect it to the ancient wisdom of the Earth. Nutrient-rich raw food nutrition that can be put into practice wherever you are.
