This penetrating, timely portrait of Robert Mugabe is the psychobiography of a man whose once-brilliant career has ruined Zimbabwe and cast shame on the African continent. Heidi Holland's tireless investigation begins with her having dinner with Mugabe, the freedom fighter, and ends in a searching interview with Zimbabwe's president more than 30 years later. The author charts Mugabe's gradual self-destruction, and uncovers the complicity of some of the most respectable international players in the Zimbabwe tragedy. Probing the mystery of Africa's loyalty to one of its worst dictators, Holland explores the contradictions that cloud the life of the man who had embodied a continent's promise.

On 22 March 2002, Beverley van Schoor was brutally murdered by an assassin hired by her 22-year-old daughter, Sabrina. Is it coincidence that Sabrina is the daughter of Louis van Schoor, the most notorious mass murderer of the apartheid era? And was it by chance that the actions of both father and daughter were motivated by racism? Are there perhaps deeper issues involved? Were Sabrina and Louis van Schoor's murders the result of prejudices prevailing in their country? During the course of her penetrating investigation into why the Van Schoors did what they did, Heidi Holland finds herself asking the question: Where does racism reside now that the language to signpost it has changed?

Africa's traditional beliefs - including ancestor worship, divination and witchcraft - continue to dominate its spiritual influences. Readers in search of a better understanding of the continent will be enriched by this book's timely exploration of sub-Saharan Africa's natural philosophy. The author's meticulous research reveals that, whereas technology-driven Western societies prefer to rely largely on logical explanations, many Africans continue to obey their intuition - trusting in images, dreams and divination to rationalise misfortune and illness. African Magic explains why so many Africans understand the relationship between people and unfortunate events not through the Western concept of chance in the

case of accidents, or germ theory in the case of illness, but through belief in witchcraft. The book records a collection of true stories which illustrate this traditional belief system. Included are the famous Malawian diviner whose prophecies were considered so accurate that people flocked from neighbouring countries to consult him; a group of Western-trained Mozambican psychologists who successfully refined cross-cultural therapy by working with traditional healers to combat post-traumatic stress syndrome among child soldiers; Ghanaian and Zimbabwean 'witches' living in a nightmare world where popular belief becomes their reality; and a Zambian archbishop whose attempt to embrace traditional African beliefs provoked serious conflict within his Christian church.

"This book is a smasher. The opening movements are possibly the hottest non-fiction I have ever read. Spies, assassins and audacious plots fomenting under our unsuspecting noses. The fall of Robert Mugabe was orchestrated from Sandton? Douglas Rogers has to be kidding. But he isn't." -- Rian Malan. "This is Ocean's 11 meets Game of Thrones: a real-world life or death chess match for the future of a country where the political endgame is never a foregone conclusion." -- Justin Webb, BBC Radio 4 Today Program "This account of the fall of Zimbabwe's president reads like a thriller laced with dark humour." -- Gina Godwin, The Times UK "A clear and convincing telling of a wild tale. Rogers' honesty as a transparent author is refreshing, a reminder of Tom Wolfe's new journalism. A thrill ride! -- Dalton Delan, Executive VP and Chief Programming Officer, WETA, Washington

The ousting of Robert Mugabe as Zimbabwe's president took the world by surprise. In this book, award-winning Zimbabwean journalist Geoffrey Nyarota explains how and why the events of November 2017 happened as they did. Nyarota evaluates the political and economic impact of Mugabe's presidency, showing how he managed to reduce a prosperous nation to a state of destitution through extreme misgovernance. The book describes the rifts within ZANU-PF as Mugabe sidelined anyone who might challenge his power, and the creation of opposing factions that supported Vice President Emmerson Mnangagwa and First Lady Grace Mugabe respectively. It traces the growing ambition and power of Grace Mugabe, culminating in the sacking of Mnangagwa as vice president in November 2017, and explains how this finally spurred ZANU-PF to rid itself of the president who had done so much damage to the country over the decades. Written with the insight of a veteran Zimbabwean journalist, this is a fascinating account of the rise and fall of one of Africa's longest-ruling dictators.

Ricky is woken up one night by Cheetah, Zebra and Elephant, who need his help to rescue a lion cub that has fallen into the river. Encouraged by the animals, Ricky overcomes his fear, jumps into the water and brings the cub safely to the river bank. When the cub's parents realise that Ricky put himself in harm's

way to help their disobedient cub, they are very grateful. Recognising his bravery, the lion places his paw print on Ricky's chest and declares him to be one of the pride. Ricky returns home with newfound faith in himself, and the secret knowledge that he will be part of the River Pride forever.

A psychiatrist waits in State House, Harare, for his first encounter with a most unusual patient. Robert Mugabe, President of Zimbabwe, is in crisis, and Andrew Peric must discover the root of his anxiety. But can Mugabe be treated like any other patient? Witty and provocative, Fraser Grace's new play imagines the combative relationship between the black president and his white psychiatrist. In a series of bruising encounters, Breakfast with Mugabe explores the conflict between despotism and liberalism in modern Zimbabwe.

This book is a philosopher's view into the chaotic postcolony of Zimbabwe, delving into Robert Mugabe's Will to Power. The Will to Power refers to a spirited desire for power and overwhelming fear of powerlessness that Mugabe artfully concealed behind performances of invincibility. Nietzsche's philosophical concept of the Will to Power is interpreted and expanded in this book to explain how a tyrant is produced and enabled, and how he performs his tyranny. Achille Mbembe's novel concept of the African postcolony is mobilised to locate Zimbabwe under Mugabe as a domain of the madness of power. The book describes Mugabe's development from a vulnerable youth who was intoxicated with delusions of divine commission to a monstrous tyrant of the postcolony who mistook himself for a political messiah. This account exposes how post-political euphoria about independence from colonialism and the heroism of one leader can easily lead to the degeneration of leadership. However, this book is as much about bad leadership as it is about bad followership. Away from Eurocentric stereotypes where tyranny is isolated to African despots, this book shows how Mugabe is part of an extended family of tyrants of the world. He fought settler colonialism but failed to avoid being infected by it, and eventually became a native coloniser to his own people. The book concludes that Zimbabwe faces not only a simple struggle for democracy and human rights, but a Himalayan struggle for liberation from genocidal native colonialism that endures even after Robert Mugabe's dethronement and death.

Thrilling, heartbreaking, and, at times, absurdly funny, The Last Resort is a remarkable true story about one family in a country under siege and a testament to the love, perseverance, and resilience of the human spirit. Born and raised in Zimbabwe, Douglas Rogers is the son of white farmers living through that country's long and tense transition from postcolonial rule. He escaped the dull future mapped out for him by his parents for one of adventure and excitement in Europe and the United States. But when Zimbabwe's president Robert Mugabe launched his violent program to reclaim white-owned land and Rogers's

parents were caught in the cross fire, everything changed. Lyn and Ros, the owners of Drifters—a famous game farm and backpacker lodge in the eastern mountains that was one of the most popular budget resorts in the country—found their home and resort under siege, their friends and neighbors expelled, and their lives in danger. But instead of leaving, as their son pleads with them to do, they haul out a shotgun and decide to stay. On returning to the country of his birth, Rogers finds his once orderly and progressive home transformed into something resembling a Marx Brothers romp crossed with Heart of Darkness: pot has supplanted maize in the fields; hookers have replaced college kids as guests; and soldiers, spies, and teenage diamond dealers guzzle beer at the bar. And yet, in spite of it all, Rogers's parents—with the help of friends, farmworkers, lodge guests, and residents—among them black political dissidents and white refugee farmers—continue to hold on. But can they survive to the end? In the midst of a nation stuck between its stubborn past and an impatient future, Rogers soon begins to see his parents in a new light: unbowed, with passions and purpose renewed, even heroic. And, in the process, he learns that the "big story" he had relentlessly pursued his entire adult life as a roving journalist and travel writer was actually happening in his own backyard. Evoking elements of *The Tender Bar* and *Absurdistan*, *The Last Resort* is an inspiring, coming-of-age tale about home, love, hope, responsibility, and redemption. An edgy, roller-coaster adventure, it is also a deeply moving story about how to survive a corrupt Third World dictatorship with a little innovation, humor, bribery, and brothel management.
