The Disaster Artist: My Life Inside The Room, the Greatest ...

The Disaster Artist is an amazing book, and I don't mean that in the same way that people say the film The Room is amazing, i.e., amazingly bad. I mean that it is actually a really amazing character study of one Tommy Wiseau, the wealthy, earnest and completely bizarre auteur behind what has been called "the Citizen Kane of bad movies."

The Disaster Artist by Greg Sestero, Tom Bissell ...

The Disaster Artist is a 2017 American biographical comedy-drama film directed by James Franco. It was written by Scott Neustadter and Michael H. Weber, based on Greg Sestero and Tom Bissell's 2013 non-fiction book of the same title. The film chronicles an unlikely friendship between budding actors Tommy Wiseau and Sestero that results in the production of Wiseau's 2003 film The Room, widely considered one of the worst films ever made. The Disaster Artist stars brothers James and Dave Franco as

Presents a humorous ode to cinematic hubris, discussing the story of the mysteriously wealthy misfit, Tommy Wiseau, the producer, director, and star of the "The Room," which later became an international cult film despite making no money at the box office.

This side-splittingly funny ode to cinematic hubris tells the story of the mysteriously wealthy misfit and producer, director and star of The Room, an international phenomenon to rival The Rocky Horror Picture Show.

New York Times bestseller—now a major motion picture directed by and starring James Franco! From the actor who somehow lived through it all, a "sharply detailed" funny book about a cinematic comedy of errors (The New York Times): the making of the cult film phenomenon The Room. In 2003, an independent film called The Room—starring and written, produced, and directed by a mysteriously wealthy social misfit named Tommy Wiseau—made its disastrous debut in Los Angeles. Described by one reviewer as "like getting stabbed in the head," the \$6 million film earned a grand total of \$1,800 at the box office and

closed after two weeks. Years later, it's an international cult phenomenon, whose legions of fans attend screenings featuring costumes, audience rituals, merchandising, and thousands of plastic spoons. Hailed by The Huffington Post as "possibly the most important piece of literature ever printed," The Disaster Artist is the hilarious, behind-the-scenes story of a deliciously awful cinematic phenomenon as well as the story of an odd and inspiring Hollywood friendship. Actor Greg Sestero, Tommy's costar and longtime best friend, recounts the film's bizarre journey to infamy, unraveling mysteries for fans (like, who is Steven? And what's with that hospital on Guerrero Street?)—as well as the most important question: how the hell did a movie this awful ever get made? But more than just a riotously funny story about cinematic hubris, "The Disaster Artist is one of the most honest books about friendship I've read in years" (Los Angeles Times).

"In 2003, an independent film called The Room--starring and written, produced, directed by a mysteriously wealthy social misfit of indeterminate age and origin named Tommy Wiseau--made its disastrous debut in Los Angeles. Described by one reviewer as "like getting stabbed in the head," the six-million-dollar film earned a grand total of \$1800 at the box office and closed after two weeks. Ten years later, The Room is an international cult phenomenon. Thousands of fans wait in line for hours to attend screenings complete with costumes, audience rituals, merchandising, and thousands of plastic spoons. In The Disaster Artist, actor Greg Sestero, Tommy's costar and longtime best friend, recounts the film's long, strange journey to infamy, unraveling mysteries for fans--who on earth is "Steven," and what's with that hospital on Guerrero Street?--as well as the question that plagues the uninitiated: how the hell did a movie this awful ever get made? But more than just a laugh-out-loud funny story about cinematic hubris, The Disaster Artist is also a great piece of narrative nonfiction, a portrait of a mysterious man who got past every road block in the Hollywood system to achieve success on his own terms. Written with a gimlet eye but an open heart, The Disaster Artist is the hilarious and inspiring story of a dream that just wouldn't die"--

(Applause Books). Oh Hai! The Room: The Definitive Guide is the ultimate key to the biggest pop culture phenomenon of the 21st century, Tommy Wiseau's The Room . Arguably the worst film of all time and certainly one of the most beguiling, the masterpiece of so-bad-it's-good filmmaking has grown since its release in 2003 to become one of the most popular theatrical releases of all time, with an extremely loyal and vocal fan base. Within the book, readers will find everything required to step into The Room for the first time and understand the traditions, characters, and (lack of) logic at play within the ultimate cult film. Favorite customers of the film will also find a dozen red roses as the book takes a look back at the history of the phenomenon, features extensive and in-depth analysis of the film, includes extensive interviews with the cast and crew, and, of course, studies the film's enigmatic and visionary auteur, Tommy Wiseau. This is the first available book guide to The Room . And an added bonus is the graphic design from cult film artist Mute, which will give the book an eye-catching and distinctive look. So get your tuxedo on, grab your football, have your spoons at the ready, and prepare to shout, "You're tearing me apart, Lisa!" for the first or thousandth time, as we enter The Room .

Travis Maddox, Eastern University's playboy, makes a bet with good girl Abby that if he loses, he will remain abstinent for a month, but if he wins, Abby must live in his apartment for the same amount of time.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Presents twenty-two color maps and accompanying essays providing details on the people, ecology, and culture of the city.

NATIONAL BOOK AWARD FINALIST • **NATIONAL BESTSELLER** • An audacious, darkly glittering novel set in the eerie days of civilization's collapse—the spellbinding story of a Hollywood star, his would-be savior, and a nomadic group of actors roaming the scattered outposts of the Great Lakes region, risking everything for art and humanity. Now an original series on HBO Max. Kirsten Raymonde will never forget the night Arthur Leander, the famous Hollywood actor, had a heart attack on stage during a production of King Lear. That was the night when a devastating flu pandemic arrived in the city, and within weeks, civilization as we know it came to an end. Twenty years later, Kirsten moves between the settlements of the altered world with a small troupe of actors and musicians. They call themselves The Traveling Symphony, and they have dedicated themselves to keeping the remnants of art and humanity alive. But when they arrive in St. Deborah by the Water, they encounter a violent prophet who will threaten the tiny band's existence. And as the story takes off, moving back and forth in time, and vividly depicting life before and after the pandemic, the strange twist of fate that connects them all will be revealed. Look for Emily St. John Mandel's new novel, Sea of Tranquility, coming in April 2022!

Prepare yourself for a journey through the world of Patton Oswalt, one of the most creative, insightful, and hysterical voices on the entertainment scene today. Widely known for his roles in the films Big Fan and Ratatouille, as well as the television hit The King of Queens, Patton Oswalt—a staple of Comedy Central—has been amusing audiences for decades. Now, with *Zombie Spaceship Wasteland*, he offers a fascinating look into his most unusual, and lovable, mindscape. Oswalt combines memoir with uproarious humor, from snow forts to Dungeons & Dragons to gifts from Grandma that had to be explained. He remembers his teen summers spent working in a movie Cineplex and his early years doing stand-up. Readers are also treated to several graphic elements, including a vampire tale for the rest of us and some greeting cards with a special touch. Then there's the book's centerpiece, which posits that before all young creative minds have anything to write about, they will home in on one of three story lines: zombies, spaceships, or wastelands. Oswalt chose wastelands, and ever since he has been mining our society's wasteland for perversion and excess, pop culture and fatty foods, indie rock and single-malt scotch. *Zombie Spaceship Wasteland* is an inventive account of the evolution of Patton Oswalt's wildly insightful worldview, sure to indulge his legion of fans and lure many new admirers to his very entertaining "wasteland."
