### Iridology in the United States,

presents a basic introduction to this science which analyzes the delicate structures of the iris to reveal and locate inflammation in the body. Readers are given an explanation of how the chart works, including detailed illustrations of iris topography showing individual systems charts, and over two dozen color photographs of irises diagnosing stages of different ailments. This book supports Jensen's belief that iridology is an important element in the total, holistic health care program.

treat disease, and optimize well-being. "You can always trust Dr. Joseph Mercola to be on the cutting edge! Follow this enjoyable read to do keto and fasting the right way, and avoid the common pitfalls, many of which will shock you." -- Steven R. Gundry, M.D., New York Times best-selling author of The Plant Paradox series; Medical Director, The International Heart and Lung Institute

We all know that food is medicine--yet going without food is one of the single best things you can do for your health. Short, doable fasts, when strategically timed, are an incredibly powerful metabolic intervention, dovetailing perfectly with a ketogenic diet to activate your body's fat-burning mode. This in turn can ward off insulin resistance, reduce oxidative stress and
