A powerful, epic novel of four friends as they grapple with desire, youth, death, and faith in a sweeping story by the international bestselling author of *The Solitude of Prime Numbers* “ Perfect, moving, honest, brilliant, with characters who feel like old friends. ” –Andrew Sean Greer, Pulitzer prize-winning author of *Less* “Heaven and Earth is a stunning achievement and confirms him as an electrifying presence in contemporary fiction. ” –André Aciman, author of *Call Me By Your Name* and *Find Me* Every summer Teresa follows her father to his childhood home in Puglia, down in the heel of Italy, a land of relentless, shimmering heat, centuries-old olive groves and families who have lived there for generations. She spends long afternoons enveloped in a sunstruck stupor, reading her grandmother's paperbacks. Everything changes the summer she meets the three boys who live on the farm next door: Nicola, Tommaso and Bern - the man Teresa will love for the rest of her life. Raised like brothers on a farm that feels to Teresa almost suspended in time, the three boys share a complex, intimate and seemingly unassailable bond. But no bond is unbreakable and no summer truly endless, as Teresa soon discovers. Because there is resentment underneath the surface of that strange brotherhood, a twisted kind of love that protects a dark secret. And when Bern - the enigmatic, restless gravitational centre of the group - commits a brutal act of revenge, not even a final pilgrimage to the edge of the world will be enough to bring back those perfect, golden hours in the shadow of the olive trees. An unforgettable story of enduring love, the bonds between men, and the all-too-human search for meaning, *Heaven and Earth* is Paolo Giordano at his best:

Read Online Divorare Il Cielo Supercoralli

an author capable of unveiling the depths of the human soul, who has now given us the old-fashioned pleasure of a big, sprawling novel in which to lose ourselves.

For fans of Elena Ferrante and Paulo Coelho comes a moving and elegant novel about the friendship between two young Italian boys from different backgrounds and how their connection evolves and challenges them throughout their lives. “ Few books have so accurately described the way stony heights can define one's sense of joy and rightness...an exquisite unfolding of the deep way humans may love one another ” (Annie Proulx). Pietro is a lonely boy living in Milan. With his parents becoming more distant each day, the only thing the family shares is their love for the mountains that surround Italy. While on vacation at the foot of the Aosta Valley, Pietro meets Bruno, an adventurous, spirited local boy. Together they spend many summers exploring the mountains ’ meadows and peaks and discover the similarities and differences in their lives, their backgrounds, and their futures. The two boys come to find the true meaning of friendship and camaraderie, even as their divergent paths in life—Bruno ’ s in the mountains, Pietro ’ s across the world—test the strength and meaning of their connection. “ A slim novel of startling expansion that subtly echoes its setting ” (Vogue), *The Eight Mountains* is a lyrical coming-of-age story about the power of male friendships and the enduring bond between fathers and sons. “ There are no more universal themes than those of the landscape, friendship, and becoming adults, and Cognetti ’ s writing becomes classical (and elegant) to best tell this story...a true novel by a great writer ” (Rolling Stone Italia).

"A platoon of young men and one woman soldier leaves Italy for one of the most dangerous places on earth. Forward

Read Online Divorare Il Cielo Supercoralli

Operating Base (FOB) in the Gulistan district of Afghanistan is nothing but an exposed sandpit scorched by inescapable sunlight and deadly mortar fire. Each member in the platoon manages the toxic mix of boredom and fear that is life at the FOB in his own way. When a much-debated mission goes devastatingly awry, their lives are changed in an instant"--

"When a young married couple hire a middle-aged widow during the wife, Nora's, difficult pregnancy, they don't realize the dominating force she will become in their small family. Signora A--maid, nanny, and confidante--becomes the glue in their household, and over time, the steady and loving presence whose benign influence allows them to negotiate the complexities of married life. But the delicate fabric of the young family comes undone when Signora A is diagnosed with lung cancer. After she becomes too sick to work, both husband and wife feel the strain of her absence. Moving seamlessly between the past and present, Giordano weaves together the layers of Signora A's devotion and sacrifice--from her early experiences of love during a tragically short marriage, to her adoration of her new surrogate family. Highlighting the joy of youth and the fleeting nature of time with remarkable precision and lyricism, Paolo Giordano gives us a meditation on life, death, and the relationships we build in between. Like Family is not a simple love story; it's a story about love in its many forms, and how a capacity for love can give meaning to any existence, no matter how ordinary."--

Edgar Award-winner and fan favorite Joe R. Lansdale is back with Hap and Leonard's latest caper: investigating the disappearance of a revivalist cult leader's daughter. Hap and Leonard are an unlikely pair--Hap, a self-proclaimed white trash rebel, and Leonard, a tough-as-nails black gay Vietnam

Read Online Divorare Il Cielo Supercoralli

vet and Republican-but they're the closest friend either of them has in the world. Hap is celebrating his wedding to his longtime girlfriend, Brett (who is also Hap and Leonard's boss), when their backyard barbecue is interrupted by a couple of Pentecostal white supremacists. They're not too happy to see Leonard, and no one is happy to see them, but they have a problem and only Hap and Leonard will take the case. Judith Mulhaney's daughter, Jackrabbit, has been missing for five years. Well, she's been missing from them for five years, but she's been missing from everybody, including the local no-goods who ran with her, for a few months. Despite their misgivings about Judith and her son, Hap and Leonard take the case. It isn't long until they find themselves mixed up in a revivalist cult that believes Jesus will return flanked by an army of lizard-men-- solving a murder to boot. With Lansdale's trademark humor, whip-smart dialogue, and plenty of ass-kicking adventures to be had, you won't want to miss Hap and Leonard's latest.

A black immigrant is accused of child murder in Italy; the court procedural is tainted with racism.

From the author of *Heaven and Earth*, a sensational novel about whether a "prime number" can ever truly connect with someone else. A prime number is inherently a solitary thing: it can only be divided by itself, or by one: it never truly fits with another. Alice and Mattia, too, move on their own axis, alone with their personal tragedies. As a child, Alice's overbearing father drove her first to a terrible skiing accident, and then to anorexia. When she meets Mattia she recognizes a kindred, tortured spirit, and Mattia reveals to Alice his terrible secret: that as a boy he abandoned his mentally-disabled twin sister in a park to go to a party, and when he returned, she was nowhere to be found. These two

Read Online Divorare Il Cielo Supercoralli

irreversible episodes mark Alice and Mattia ' s lives for ever, and as they grow into adulthood their destinies seem intertwined: they are divisible only by themselves and each other. But the shadow of the lost twin haunts their relationship, until a chance sighting by Alice of a woman who could be Mattia ' s sister forces a lifetime of secret emotion to the surface. A meditation on loneliness and love, *The Solitude of Prime Numbers* asks, can we ever truly be whole when we ' re in love with another? And when Mattia is asked to choose between human love and his professional love — of mathematics — which will make him more complete?

Three tales, each dominated by one of three senses, present a married couple touring Mexico, a tyrant made prisoner of contradictory messages, and a fashionable Parisian and a drugged rock musician impassioned by scents

Cristian is enterprising and determined. Maddalena is tenacious and quite able to imagine - and defend - her own future. Cristian and Maddalena have always known each other, and if fate had not gone awry they might already be married. But between them, exactly in the middle, there is Domenico: Cristian's childhood friend who has grown up alongside him like a brother. And when Cristian succumbs to the fate of the Chironis - that curse of illnesses, murders and suicides that has blighted his family over the years - it is Domenico that Maddalena marries. Taking his trilogy of the Chironi family up to the present day, Marcello Fois has woven a delicately detailed story, full of dormant passions, plot twists, betrayals and reconciliations. The epic scope and the dramatic tension of his writing means that while his trilogy might be the story of one family on a tiny island, it has a universality, a humanity and a power to speak to anyone of us.
