The Pirate Planet is the second serial of the 16th season in the British science fiction television series Doctor Who, which was first broadcast in four weekly parts on BBC1 from 30 September to 21 October 1978. It forms the second serial of the Key to Time story arc. It was written by Douglas Adams, and featured some of his humour.

The Pirate Planet - Wikipedia

The Doctor and Romana arrive on the planet Zanak, looking for the second segment of the Key to Time. Although priceless gems are scattered on the streets, and the night sky changes with the dawn of each new prosperous age, the townsfolk live in fear.

"Doctor Who" The Pirate Planet: Part Three (TV Episode ...

The Pirate Planet was a four-part story first televised in the 'classic' Doctor Who series in 1978, as part of Season 16. The story was one of the few that were never novelised as one of the Target novelisations of the classic Doctor Who stories, as they could not come to an agreement with Douglas Adams as to the novelisation, and Adams had written the script.

DOCTOR: Is the planet we originally came looking for. DOCTOR + ROMANA: Calufrax. ROMANA: Buried inside Zanak? DOCTOR: Buried inside Zanak, the pirate planet, and having the goodness sucked out of it. KIMUS: Do you mean that whole other worlds have died to make us rich? Whole other worlds like ours? DOCTOR: Whole other worlds.

The Doctor Who Transcripts - The Pirate Planet

Directed by Pennant Roberts. With Tom Baker, Mary Tamm, Bruce Purchase, Rosalind Lloyd. The Doctor reveals the truth about the real power on Zanak and must try and stop the Captain and Xanxia before Earth becomes their next victim.

"Doctor Who" The Pirate Planet: Part Four (TV Episode 1978 ...

THE PIRATE PLANET is a typical outing for oddball Doctor Who star Tom Baker. In it, and he and companions Romana and K9 end up on the titular planet, a place occupied by other oddballs and goofs and presided over by a sinister ruler who runs things with a (literal) iron fist.

"Doctor Who" The Pirate Planet: Part One (TV Episode 1978 ...

The Captain rebels and is killed by Xanxia, whose avatar is in turn killed by one of the natives. The Doctor and the Mentiads then blow up the bridge, killing the real Xanxia. The Doctor realises that the segment of the Key to Time he is after is in fact the entire planet Calufrax, now conveniently shrunk to a rather more manageable size.

Doctor Who The Pirate Planet

This all-new Target novelisation is based on the televised version of The Pirate Planet The hugely powerful Key to Time has been split into six segments, all of which have been disguised and hidden throughout time and space. Now the even more powerful White Guardian wants the Doctor to find the pieces. With the first segment successfully retrieved, the Doctor, Romana and K-9 trace the second segment of the Key to the planet Calufrax. But when they arrive at exactly the right point in space, they find themselves on exactly the wrong planet - Zanak. Ruled by the mysterious 'Captain', Zanak is a happy and prosperous planet. Mostly. If the mines run out of valuable minerals and gems then the Captain merely announces a New Golden Age and they fill up again. It's an economic miracle - so obviously something's very wrong... For a much expanded version based on Douglas Adams' first draft scripts, check out BBC Books' hardback edition of The Pirate Planet".

The hugely powerful Key to Time has been split into six segments, all of which have been disguised and hidden throughout time and space. Now the even more powerful White Guardian wants the Doctor to find the pieces. With the first segment successfully retrieved, the Doctor, Romana and K-9 trace the second segment of the Key to the planet Calufrax. But when they arrive at exactly the right point in space, they find themselves on exactly the wrong planet - Zanak. Ruled by the mysterious 'Captain', Zanak is a happy and prosperous planet. Mostly. If the mines run out of valuable minerals and gems then the Captain merely announces a New Golden Age and they fill up again. It's an economic miracle - so obviously something's very wrong...

Discover the new Doctor Who classics. The key to Earth's destruction lies buried in its past. Visiting Paris in 1979, the Doctor and Romana's hopes for a holiday are soon shattered by armed thugs, a suave and dangerous Count, a plot to steal the Mona Lisa and a world-threatening experiment with time. Teaming up with a British detective, the Time Lords discover that a ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth...

Rediscover the lost Doctor Who adventure by Douglas Adams. Intergalactic war? That's just not cricket ... or is it? The Doctor promised Romana the end of the universe, so she's less than impressed when what she gets is a cricket match. But then the award ceremony is interrupted by eleven figures in white uniforms and peaked skull helmets, wielding bat-shaped weapons that fire lethal bolts of light into the screaming crowd. The Krikkitmen are back. Millions of years ago, the people of Krikkit learned they were not alone in the universe, and promptly launched a xenophobic crusade to wipe out all other life-forms. After a long and bloody conflict, the Time Lords imprisoned Krikkit within an envelope of Slow Time, a prison that could only be opened with the Wicket Gate key, a device that resembles - to human eyes, at least - an oversized set of cricket stumps... From Earth to Gallifrey, from Bethselamin to Devalin, from Krikkit to Mareeve II to the far edge of infinity, the Doctor and Romana are tugged into a pan-galactic conga with fate as they rush to stop the Krikkitmen gaining all five pieces of the key. If they fail, the entire cosmos faces a fiery retribution that will leave nothing but ashes...

From the unique mind of Douglas Adams, legendary author of The Hitchhiker's Guide to the Galaxy, comes Shada, a story scripted for the television series Doctor Who but never produced—and now transformed into an original novel. A little knowledge is a dangerous thing. Imagine how dangerous a LOT of knowledge is... The Doctor's old friend and fellow Time Lord, Professor Chronotis, has retired to Cambridge University, where among the other doddering old professors nobody will notice if he lives for centuries. He took with him a few little souvenirs—harmless things really. But among them, carelessly, he took The Worshipful and Ancient Law of Gallifrey. Even more carelessly, he has loaned this immensely powerful book to clueless graduate student Chris Parsons, who intends to use it to impress girls. The Worshipful and Ancient Law is among the most dangerous artifacts in the universe; it cannot be allowed to fall into the wrong hands. The hands of the sinister Skagra are unquestionably the wrongest ones possible. Skagra is a sadist and an egomaniac bent on universal domination. Having misguessed the state of fashion on Earth, he also wears terrible platform shoes. He is on his way to Cambridge. He wants the book. And he wants the Doctor...

As an unstable planet nears the point of destruction Doctor Who must decide which group of two warring factions, the attractive Drahvins or the repulsive Rills, to help escape

'One of the oddities of Doctor Who is that you hear so much about what the fans think, and so little from the other 100 percent of the audience (my stats are clinically accurate.) So thank God for a couple who put their love on the line to set the record straight. This is the story of a fan boy who inflicts every episode ever made of Doctor Who on his marriage. Or to put it another way, this is the story of someone with a proper love and understanding of Doctor Who, trying to explain it to her husband.' Steven Moffat Neil loves Sue. He also loves Doctor Who. But can he bring his two great loves together? In January 2011, Neil Perryman set out on an insane quest to make his wife Sue watch every episode of the classic series of Doctor Who from the very beginning. Even the ones that didn't exist any more. And so, over the next two and half years, Sue gamely watched them all. From William Hartnell and Tom Baker to Peter Davison and Paul McGann, the result was a wildly successful and hilariously revealing blog called Adventures with the Wife in Space. But the adventure continues. Here Neil Perryman tells the all too true story of Doctor Who fandom. Funny, honest and surprisingly brave, he also captures perfectly the joys - and fears - of sharing the thing you love with the people you love. Adventures With the Wife in Space is, at its heart, the story of Doctor Who, and its fans, seen through the eyes of two people - one who knows almost nothing about the programme and another who knows way too much. 'This is a very, very funny book; touching too,' Jenny Colgan

Beware the hands that heal. The Doctor and Peri land on the planet Necros to visit the funerary home Tranquil Repose - where the dead are interred and the near-dead placed in suspended animation until such time as their conditions can be cured. But the Great Healer of Tranquil Repose is far from benign. Under his command, Daleks guard the catacombs where sickening experiments are conducted on human bodies. The new life he offers the dying comes at a terrible cost - and the Doctor and Peri are being lured into a trap that will change them forever. At last, the only classic-era Doctor Who adventure never to be novelised is here, and by the author of the original script, Eric Saward.

The universe is at war. Action takes courage. The TARDIS is ensnared in a time corridor, catapulting it into derelict docklands on 20th century Earth. The Doctor and his companions, Tegan and Turlough, stumble on a warehouse harbouring fugitives from the future at the far end of the corridor - and are soon under attack from a Dalek assault force. The Doctor's oldest enemies have set in motion an intricate and sinister plot to resurrect their race from the ashes of an interstellar war. For the Daleks' plans to succeed, they must set free their creator, Davros, from a galactic prison - and force the Doctor to help them achieve total control over time and space. But the embittered Davros has ideas of his own... 35 years after its first TV transmission, Doctor Who fan-favourite Resurrection of the Daleks is novelised at last, by the author of the original script, Eric Saward.

THE SUNDAY TIMES BESTSELLER What are you afraid of? In his first-ever Doctor Who novel, Tom Baker's incredible imagination is given free rein. A story so epic it was originally intended for the big screen, Scratchman is a gripping, white-knuckle thriller almost forty years in the making. The Doctor, Harry and Sarah Jane Smith arrive at a remote Scottish island, when their holiday is cut short by the appearance of strange creatures - hideous scarecrows, who are preying on the local population. The islanders are living in fear, and the Doctor vows to save them all. But it doesn't go to plan - the time travellers have fallen into a trap, and Scratchman is coming for them. With the fate of the universe hanging in the balance, the Doctor must battle an ancient force from another dimension, one who claims to be the Devil. Scratchman wants to know what the Doctor is most afraid of. And the Doctor's worst nightmares are coming out to play...
