The Convoluted Universe, Book 2 by Dolores Cannon ...

The Convoluted Universe: Book One is the sequel to The Custodians. This book contains some of the more complicated concepts in metaphysics that Dolores Cannon discovered through 20 years of using deep hypnosis to explore the subconscious mind.

\* Is it possible that you are living in other universes simultaneously with this one? \* Do you travel back and forth between other dimensions without your conscious knowledge? \* Could it be possible that you are only a splinter or fragment of a much larger soul? \* Do parallel universes exist side-by-side with this one? \* Are you living all your past and future lives at the same time? \* What is the God Source? These questions and many more are explored in this long-awaited sequel to *The Custodians*. This information proceeded beyond abduction into complicated metaphysics, creating the need to explore more mind-expanding

This sequel to *The Convolutioned Universe - Book One* provides metaphysical information obtained through numerous subjects by hypnotic past-life regression.

Dolores has accumulated information about the Death experience and what lies beyond through 16 years of hypnotic research and past-life therapy. While retrieving past-life experiences, hundreds of subjects reported the same memories when experiencing their death, the spirit realm, and their rebirth. This book also explores: \* Guides and guardian angels\* Ghosts and poltergeists\* Planning your present lifetime and karmic relationships before your birth\* The significance of bad lifetimes\* Perceptions of God and the Devil\* And much more

Dolores Cannon uses information obtained from regressive hypnosis to formulate a provocative viewpoint on the ancient astronaut theory of human origins. Her findings indicate that the earth was seeded eons ago by travellers from outer

space. These visits by ancient extraterrestrials did not end with their intervention in human evolution. They have continued up to the present day resulting in a whole class of contemporary humans who have been subject to alien abduction.

We are children of the stars. This is our legacy and our heritage. In the history of the cosmos, Earth is a young planet. Our souls, on the other hand, have been around forever and will continue to be around forever. Thus Earth is not our only home. We have lived many lives in unusual environments before deciding to journey here and learn the lessons of Earth. After our schooling is completed on this planet, we will journey onward to discover new worlds to explore. The memories of these soul journeys are recorded in our subconscious, and in *Legacy from the Stars* hypnotherapist Dolores Cannon shows that they can be retrieved through regressive hypnosis. She reports dramatic cases where the subjects relived other lifetimes in strange environments -- inhabitants of other planets. After reading her latest book, you may agree that "we are all extraterrestrials," and Earth is merely a stop-over in our long adventure.

The third and final book in their series contains 132 additional quatrains written and deciphered by Nostradamus himself, plus the exposure of bogus quatrains erroneously attributed to the great psychic Dolores Cannon has pierced the veil of the space/time continuum by her use of regressive hypnosis, to bring us warnings of events to come. This volume continues to work through various subjects and completes the interpretation of all the known prophecies.

This is the fifth book in the revolutionary *Convolutioned Universe* series that begun in 2001.

UFO Sightings and Abductions by aliens were the beginning, the tip of the iceberg. Dolores Cannon's work in hypnosis has taken the study beyond abduction. This accumulation of 12 years of cases includes: \* Cases of missing time \* Spacecraft from other dimensions and planes of existence \* Condensed or distorted time \* The differences and functions of various alien races \* And much more Dolores traces the phenomenon from the simple to the complex. Exploring areas untouched by other investigators, she makes the unbelievable become acceptable and understandable.

Through regressive hypnosis a lost legend of the history of mankind has been retrieved from the recesses of time. Did the American Indians descend from the inhabitants of an alien spacecraft that crashed in the Alaska-Canada region thousands of years ago? Starcrash indicates that aliens continued to come to Earth, some intentionally and by accident, throughout our history. In order to adjust to harsh conditions they were forced to interbreed with the local aborigines. This was the only way to insure the survival of their race. Does their blood still flow in the veins of certain American Indian tribes?

This is the fourth volume in the series in the wildly successful Convuluted Universe series. Premier hypnotherapist, and psychic researcher Dolores Cannon does it again. Using deep hypnosis and past life regression techniques, she presents mind-blowing theories and concepts originating from other dimensions. In this amazing book, is more information about the spirit side - where we go after we "die." Plus new information on the life reviews and preparing contracts and your life plan of what you hope to accomplish on your return to Earth. Cannon uncovers forgotten ancient knowledge that
