The Complete Guide to Extraterrestrial Bases on Earth Hundreds of strange and mysterious locations that have revealed amazing, bizarre technology. While there are numerous Deep Underground Military Bases (DUMBS), and even several joint military/alien bases such as Dulce this new book: Alien Underground Bases, covers the secret alien locations which government and military leaders around the world pretend don't exist. While some of these locations may have been home to aliens thousands of years ago and are most likely abandon today (has anyone gone down there to double-check?), many others could very well still be active! What could be going on there? How about strange and mysterious scientific and military preparations? Genetic experiments involving humans, animals and plant life? While many may scoff at the idea of secret alien bases, consider that the U.S. Government takes the release of this information very seriously. Would they be so paranoid about this if there wasn't anything to it?

This book is for anyone who has a passion for New Mexico letters, the American Southwest or the life and work of Jesse Nusbaum, one of America's leading archaeologists-a man who was lauded by Life Magazine with a cover story when he brought Mesa Verde out of the mire of time to make it living history. Nusbaum fought to preserve the integrity of a large section of southwestern America which otherwise would have been lost.

This is the mysterious manuscript authored by a U.S. Government insider. It describes, in amazing detail, the inter relationship between the U.S. Government and several extraterrestrials societies with whom we have working agreements. I've been told this information was once classified as "Above Top Secret" and that this information was never intended to be released to the public! The Blue Planet Project Book contains all the amazing notes and drawings made by the scientist. The scientist visited various UFO crash sites, and the notes and drawings were allegedly made from those visits. It is believed that this anonymous scientist (more info revealed in book) was contracted by the government over several years to visit all crash sites, interrogate captured Alien Life Forms and analyze all data gathered from that endeavor. This book compiled from what is believed to be the original and complete information. In keeping with the format of the original information that was in a binder format, this book has been published in a full size 8.5 x 11 page size and bound in a comb binding format. This makes it easier to lay flat and open pages fully for easier reading and studying. We believe this to be the most complete, accurate and highest quality version of this book available. Be cautious of inferior editions and eBook versions which have been reported by reviewers to be of inferior quality and may be difficult to read.
