Pam Grout is a magnetic writer who provides down to earth timely experiments that are hands on to learning the energy principles that use to be referred as 'pie-in-the-sky' new ageisms. The first 60 pages of E-Cubed present the theories that Pam Grout wants us to prove through her experiments. Like Pam, these are more than theories to me; they are more like a way of life. But for many, they are new (possibly disturbing) ideas that contradict many (most) mainstream teachings.

E-Squared, the international hit sensation, showed the world that thoughts really can become reality. Following on from this word-of-mouth smash, Pam presents deeper, more powerful proof of the quantum field's fantastic effects. In E-Cubed Pam takes you through 9 more experiments that will prove to you that thoughts create our world, including: . Greeting ALL experiences with joy (that includes parking tickets!) to open you up to unlimited happiness . Testing out the power of specific words for dramatic shifts in consciousness and manifestation . Breaking out of the endless media cycle, and connecting with the world's natural rhythms for abundance . Giving up all attachment to money (even giving it away!) to break the cycle of small thinking and living The universe is just waiting for us to catch up, just waiting for us to begin using the energy that has always been available for our enjoyment and wellbeing.

Don't face reality. Create reality! E-Squared could best be described as a lab manual with simple

experiments to prove once and for all that reality is malleable, that consciousness trumps matter, and that you shape your life with your mind. Rather than take it on faith, you are invited to conduct nine 48-hour experiments to prove there really is a positive, loving, totally hip force in the universe. Yes, you read that right. It says prove. The experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton's laws of motion. For years, you've been hoping and praying that spiritual principles are true. Now, you can know. E-Squared proves the following: 1. There is an invisible energy force or field of infinite possibilities. 2. You impact the field and draw from it according to your beliefs and expectations. 3. You, too, are a field of energy. 4. Whatever you focus on expands. 5. Your connection to the field provides accurate and unlimited guidance. 6. Your thoughts and consciousness impact matter. 7. Your thoughts and consciousness provide the scaffolding for your physical body. 8. You are connected to everything and everyone else in the universe. 9. The universe is limitless, abundant, and strangely accommodating.

There are a lot of gratitude books out there, but none quite like this, which comes with actual gifts: a sign, a totem, an answer, and a present from the natural world! Most of us believe we can think our way out of problems. We believe that if we just exert enough mental effort, we will pull up a solution to whatever ails us. And that has gotten us nowhere. So in this book, we're going to forget thinking . . . and start thanking. This playful but easy practice has the power to reconnect us with our true nature. When we observe the world from a place of gratitude, when we use our attention to spot beauty and gaze at wonder, we tune in to a frequency of magic. This joy channel is the most powerful on the planet and has the capability to radically change our lives. Brazen gratitude provides a portal—an entry point—straight into the heart of the field of infinite possibilities described in Pam Grout's bestseller E-Squared. It enables you to align with the spaciousness of the cosmic energy field, the spaciousness that makes your life a love-shining prism. Thanking puts you on an energetic frequency—a vibration—that calls in miracles and will make you rich (in spirit), happy, and madly in love (with life). This book also offers a different perspective on abundance, which is not just financial capital. It shows readers how to grow and expand creative capital, social capital, rip-roaring good times capital, and much, much more!

transformation. Ask the obvious follow-up, "How many have actually read it?" and all but a smattering of hands go down. It's as if everyone wants the miracles, the forgiveness, and the mind shifts, but they just can't bear its ponderous heaviness. Pam Grout to the rescue! Her new book is for all those still struggling with the Course. Grout offers a modern-day rewrite of the 365-lesson workbook-the text at the heart of the Course. Unlike the original, it's user-friendly, accessible and easy for everyone to understand. In daily lessons with titles like "The Home Depot of Spiritual Practices" and "Transcending the Chatty Asshat in My Head," Grout drills down to the Course's essential message and meaning, grounding it in the context of everyday life in a way that's bound to stick. The lessons here blend eternal truths with pop culture and personal stories that are laugh-out-loud funny and deeply soul-stirring, often at the same time. You won't be tempted to use this Course in Miracles as a doorstop. You'll want to use it, every day, to change your life.

If you're holding this book in your hand, then you've already changed your life. Are you still waiting for your ship to come in? Looking for the relationship you can't seem to find? Working just to pay the bills until that perfect job comes along? Don't you wish that you could just place an order for the life that you want? Well, you can! And you don't have to chant, meditate, pray, fast, work, or do anything--just relax. And there won't be any bill to pay. Seems impossible? That's what the author said: "If, after reading this book, you think that cosmic ordering is total nonsense, but you decide to place an order with the universe anyway just to prove me wrong, then you have subscribed to this ordering service just the way I first did. And you just might start as wonderful a journey towards an easier, more fulfilling life." The Cosmic Ordering Service is a guide to realizing your dreams. Best-selling author Barbel Mohr can teach you how to fulfill all your wishes--just by placing an order with the universe. You'll learn how she has used the Cosmic Ordering Service to gain her dream job, the ideal man, money, health--even a castle to live in! Mohr will show you, as she has taught hundreds of thousands of European readers, how to listen to your inner voice, place your order, sit back, and let marvelous things happen. The hard part is deciding what you really want. Once you've figured that out, this charming, witty, and insightful book is going to tell how to get it.

Making art does not necessarily mean painting a gallery-worthy still life or belting out a Grammy-winning song. It simply means finding a way to give your inner muse a voice in this world. Sure, there's drawing, dancing, singing, and writing. But there's also art to be made from creating your own pair of angel wings or inventing a new toy or curating your own at-home film festival. "This is the story of a year I spent in New York, studying with Yoga Master Alan Finger." When Katrina Repka moved to New York, she was eager to shed her past and begin a new life, but she soon discovered that her old problems had followed her to the big city, and that instead of finding herself, she was more lost than ever. It was when she was almost ready to give up on everything that she read a magazine article on Master Yogi Alan Finger and knew that she had to meet him. It was a meeting that would change her life. Over the next twelve months, with Alan's help, Katrina tackled and overcame many of the obstacles holding her back. Dealing with issues that every woman will relate to--criticism, emptiness, balance, family, and creativity (among others)--the twelve chapters in Breathing Space follow Katrina's ups and downs in New York. At the end of each chapter there is a simple but effective breathing exercise that will help readers eliminate harmful behavior patterns and speed their own process of personal transformation. Breathing Space is an inspiring and instructive book that offers every woman the chance to follow the author's path and become the person she truly wants and deserves to be.

Travel statistics say that baby boomers travel more than any other age group in America--and that an ever increasing number of them are looking for ways to spend their leisure time in substantial, meaningful ways. One especially fast-growing area of interest is the "experience-driven" or "wellness" vacation, a proactive approach based on the idea that true recreation involves positive engagement: acquiring a new skill or volunteering to share your own expertise; exercising your intellect or extending yourself in some creative, physical, or spiritual way. In response to such aspirations, this timely book showcases a broad range of the most life-enriching getaways in the U.S., Canada, and Mexico, with something for every taste and every interest. Here are programs dedicated to kayaking lessons, mountain biking, yoga instruction, and more. Perhaps you'd prefer to spend an arts and crafts holiday focused on a creative activity like cooking, painting, or woodworking. Imagine studying French in a Maine village, learning about nutrition at a historic North Carolina spa, or helping rebuild the devastated communities of the Gulf Coast. Weave a Navajo rug; make a film in New York; learn to surf in Mexico; or choose any of scores of other possibilities. Elegantly designed and packed with attractive and fun descriptions, detailed travel information, lists of unique activities, and special sidebars, this unusual resource tells you all you need to know to ensure that your next vacation won't just be time off--it will be time well spent.
