There have been many scares recently about the long-term effects of HRT treatment and so today many women are looking for alternatives to HRT as a way of dealing with the symptoms of the menopause. Diet and nutritional supplements are the natural preferred choice for those seeking another course. This book gives a collection of everyday recipes high in phyto-oestrogens, isoflavones and calcium-rich foods which have been shown to benefit, both in the short and long term, menopausal women. Based on her own experiences, Jane Frank has devised this book for women who, like her, prefer not to be obliged to take HRT.

Addressing such symptoms as hot flashes, a loss of libido, and osteoporosis, a guide to managing menopause identifies foods that can be strategically consumed for medicinal benefit and in accordance with specific blood types, in a volume that also provides exercise and supplement recommendations. Reprint. 15,000 first printing.

Explains what diabetes is, its likely causes and how to manage it by improving your lifestyle. This book discusses the principles behind healthy eating, the glycaemic index (GI) of foods and their glycaemic load. It also presents 150 recipes that help keep blood glucose on an even keel.

Dr. Peter J. D'Adamo, the creator of Eat Right 4 (for) Your Type, the blood type diet series with more than two million copies in print, now brings readers a targeted plan for managing the symptoms of menopause. With specific tools not available in any other book for preventing and treating such symptoms as hot flashes, insomnia, loss of libido, and osteoporosis. This volume includes tools that will help you treat and prevent menopausal symptoms including a diet tailored to your blood type that helps you manage menopausal symptoms and a four-week plan for getting started that offers practical strategies for eating, exercising, and living right to manage menopause.

Eat your way to better health with this New York Times bestseller on food's ability to help the body heal itself from cancer, dementia, and dozens of other avoidable diseases. Forget everything you think you know about your body and food, and discover the new science of how the body heals itself. Learn how to identify the strategies and dosages for using food to transform your resilience and health in Eat to Beat Disease. We have radically underestimated our body's power to transform and restore our health. Pioneering physician scientist, Dr. William Li, empowers readers by showing them the evidence behind over 200 health-boosting foods that can starve cancer, reduce your risk of dementia, and beat dozens of avoidable diseases. Eat to Beat Disease isn't about what foods to avoid, but rather is a life-changing guide to the hundreds of healing foods to add to your meals that support the body's defense systems, including: Plums Cinnamon Jasmine tea Red wine

and beer Black Beans San Marzano tomatoes Olive oil Pacific oysters Cheeses like Jarlsberg, Camembert and cheddar Sourdough bread The book's plan shows you how to integrate the foods you already love into any diet or health plan to activate your body's health defense systems—Angiogenesis, Regeneration, Microbiome, DNA Protection, and Immunity—to fight cancer, diabetes, cardiovascular, neurodegenerative autoimmune diseases, and other debilitating conditions. Both informative and practical, *Eat to Beat Disease* explains the science of healing and prevention, the strategies for using food to actively transform health, and points the science of wellbeing and disease prevention in an exhilarating new direction.

Women—we all want to eat right, live healthy, and rid ourselves of hormonal imbalance woes, whether we suffer from premenstrual syndrome (PMS), mood swings, painful periods and cramps, or menopause. And often, we're not careful about what we eat, and our bodies begin to cry for help. Fortunately, the key to achieving hormonal balance is simply eating the right food! Complete with sixty easy and healthy recipes, comprehensive and accessible chapters on the science and facts behind female sex hormones, a list of hormone-friendly foods and their nutrients, and a two-week diet plan, *The Hormone Balance Cookbook* is an informative and practical guide for every woman. Whether you are twenty-five or fifty-five, learn about the four hormonal phases—from menstruation to postmenopause—and how consuming the right anti-inflammatory foods and vitamins can balance out fluctuating hormone levels to reduce stress and weight gain; mitigate the discomforts of oncoming PMS or menopause; prevent against diseases like osteoporosis; and improve digestion and brain function. Keep your body's nutrients balanced, your hormones happy, your brain alert, your body strong, and your life full—and eat the pain away!

As no two menopause journeys are identical, this highly practical and accessible nutrition and lifestyle guide enables women to build a bespoke menopause diet that specifically targets their symptoms, with the minimum of fuss and effort. This practical nutrition and lifestyle guide provides women with the tools to build their own menopause diet which specifically targets the symptoms that are relevant to them. There are so many ways that nutrition can support a healthy and happy menopause, but a one-size-fits-all approach simply won't work. The reality is that there are many different menopausal symptoms and no two women have the same experience. Jackie explains how the menopause and perimenopause can change your body and how your diet can make a tangible difference to the way that you feel, whether you're using HRT or not. Each symptom section provides a range of targeted nutritional solutions, practical lifestyle advice and simple recipe tips that you can incorporate into your daily routine. A highly experienced clinician, Jackie specialises in providing real-world guidance to busy women. This book is designed to make the key information as easily accessible as possible and reflects her trademark practical style, which makes it the ideal one-stop solution for anyone juggling their

menopause with the demands of a busy job and a hectic family life.

Menopause is uncharted territory for every woman, and it's often difficult to know what you can do to ease the effects of hormonal changes without medication. With honesty and optimism, *The Menopause Diet Plan* encourages women to take a positive approach to managing their physical health and emotional well-being during perimenopause and beyond by offering easy, natural strategies for managing their weight, hot flashes, sleep difficulties, mood swings, bone health, and more. It highlights the current scientific evidence on the best diet and exercise plan for weight control and how to keep your heart, brain, and bones healthy while decreasing your risk for cancer and other chronic conditions. Registered dietitians Hillary Wright and Elizabeth Ward suggest targeted lifestyle changes including stress management, healthy eating strategies, and dietary supplements, and they balance evidence-based recommendations with real-life circumstances. *The Menopause Diet Plan* is unique, taking the best advice from the world's healthiest diets and combining it with science-based nutrition and lifestyle advice to address common concerns during, and after, the transition through menopause. It also includes delicious recipes such as Peanut Butter Smoothie, Chicken Italiano, and Chocolate Oatmeal Energy Bars to inspire a balanced eating plan that benefits women at this stage of life. With a comprehensive approach to better health before, during, and after menopause, *The Menopause Diet Plan* gives women the chance to take charge of their health and live life to the fullest.

Conquer midlife crisis with this action plan and become the magnificent midlife woman you are! "It is never, ever, too late to change the course of your life... The world has underestimated what we midlife women are capable of." Have you ever looked at your life and wondered "is this it?" At the crucial halfway point, do you wish you had your very own manifesto to reassert your passion and place in the world? Hilarious, insightful, and encouraging, *Midlife Manifesto* throws the limelight on the untapped potential of midlife women instead of obsessing over the struggles and crises that come with the 40s and 50s. Whether it regards financial independence, personal style, relationships, health, spirituality, or making your home a sanctuary, this personal guide will inspire you to achieve the transformation you deserve and create the plan to make it happen. Sharing her own ups and downs with candor and wit, Jane Mathews, who is still navigating but also rising above her own midlife crisis, provides a one-stop shop of ideas and resources to motivate you, guide you towards what really works, and supply you with a well-curated toolkit to write a blueprint for your future. With to-do-lists, tips, quotes, and pages for you to actively write on and piece together the real you, every reader will interpret the book differently, creating their own unique midlife action plan.
