Get ready for one of Kinsey Millhone's "wildest adventures yet" (San Francisco Examiner) from #1 New York Times bestselling author Sue Grafton Kinsey's skills are about to be sorely tested. She is about to meet her duplicitous match in a couple of world-class prevaricators who quite literally take her for the ride of her life. "L" Is for Lawless: Call it Kinsey Millhone in bad company. Call it a mystery without a murder, a treasure hunt without a map, a quest novel with truly mixed-up motives. Call it the return of Kinsey as bad girl-- quick-witted and quicksilver, smart-mouthed and smart-alecky-- poking her nose into everyone's dirty laundry as she joins up with a modern-day Bonnie and Clyde in an Our Gang comedy that will take her halfway across the country and leave her with a major headache and an empty bank balance. America's favorite borderline delinquent is back with her one-liners on tap and her energy level on high, romping through her fastest and funniest adventure in this, her twelfth foray into the alphabet of crime. to the mountains. But it is a long and dangerous journey to get out of Leningrad. After settling into a new town it falls under Nazi occupation and Ivan is picked by Axel Recht, an especially heinous soldier, to come work for the Nazis. One of Ivan's more pleasant tasks is to train Alex's dogs. Yet Ivan is determined to use his position to undermine the Nazis and rescue the dogs. But Ivan underestimates Axel's attachment to Zasha and Thor, and soon finds himself being hunted by a ruthless soldier who will stop at nothing to get his dogs back. As World War II rages around them, Ivan must find a way to hide from Axel, protect Zasha and Thor, avoid the constant barrage of deadly bombings, and survive in the devastating conditions of a city cut off from the world.

God delivered Israel from Egyptian bondage to captivate them for Himself. In the arid wilderness He planned to reveal His nature and ways to them, but they drew back. How different are we today? Many confess the Lordship of Jesus and acknowledge His saving power, yet like Israel, they've drawn back. Rather than pursuing His heart they have cleaved to this world's form of worship-the worship of self. As a result we have changed the image of Jesus to be like us. Fire can alter these images. The fire we need is found in the Holiness of God. God is calling us to draw nearer still...to tremble on Mt. Zion...transformed to touch others.

From New York Times Bestseller Mimi Jean Pamfiloff comes SMART TASS, a new Romantic Comedy. He's the hot college quarterback all the girls want. She's the smart girl he loves to pick on. And now that they're all grown up, things are about to get geekin' ugly. My name is Tass. I'm smart, I'm driven, and I am determined not to let prankster Hunter Johnson continue raining on my parade. When we were little, he'd pull my hair and call me names. When we were teenagers, he'd throw food and tease me for being a flat-chested virgin. But now that we've ended up at the same college, he's out of his hot head if he thinks he can keep messing with my life. It's like he's fixated on me or something. Well, guess what, Mr. Amazefootball? I'm not that geeky little girl anymore and you do not screw with a smart woman. So what's my plan? It's definitely wild, and he's about to find out.

"Hormegeddon" is the term coined by entrepreneur and New York Times Bestselling Author Bill Bonner to describe what happens when you get too much of a good thing in the sphere of public policy, economics and business. Simply put, it ends in disaster. Drawing on stories and examples from throughout modern political history-from Napoleon's invasion of Russia to the impending collapse of the American healthcare system, from the outbreak of WWII and the fall of the Third Reich to the 21st century War on Terror, from the Great Recession to the sovereign debt crisis- Bonner pursues a modest ambition: to understand what goes wrong. History is not a clean yarn spun by its victors. It is a long tale of things that went FUBAR-debacles, disasters, and catastrophes. That each disaster carries with it a warning is what makes it useful to study. For instance, if the architect of a great ship tells you that 'not even God himself could sink this ship, ' you should take the next boat. If the stock market is selling at 20 times earnings and all the expert analysts urge you to 'get in' because you 'can't lose'-it's time to get out! Similarly, public policy disasters are what you get when well meaning people with this same Titanic degree of certitude apply rational, small-scale problem-solving logic to inappropriately large scale planning. First, you get a declining rate of return on your investment (of time or resources) until you hit zero. Then, if you keep going through the zero floor-and you always keep going-you get a disaster. The problem is, these disasters cannot be stopped by well-informed smart people with good intentions, because they are the people who cause them in the first place. From the mind of Bill Bonner comes Hormegeddon, a phenomenon that occurs when a small dose of something produces a favorable result, but if you increase the dosage, the results end in disaster. The same applies when the world gets too much of a good thing in

public policy, economics, and business. Drawing on examples throughout modern political history, Bonner brings context and understanding to this largely ignored and anonymous phenomenon.
