Either and neither - English Grammar | Gymglish
Either and neither can be used in several ways: adverbs, determiners, pronouns and conjunctions. While 'either' has a positive connotation, 'neither' holds a negative significance. You will always find them paired up this way: either/or and neither/nor. These are the ways you can find them being used. Adverbs

How to Use Either, Neither, Or and Nor | Kaplan Blog
The pairings "either/or" and "neither/nor" (called correlative conjunctions) can be used to group two people or things. (NB: Be aware that the grouping of more than two things is frowned upon by some grammarians.) "Neither" is paired with "nor," and "either" is paired with "or." You cannot mix them, but often the word "either" is omitted.

Beware Double Negatives with 'Neither/Nor'
Either/or and neither/nor 1. Either / or - used in a sentence in the affirmative sense when referring to a choice between two possibilities We can either eat now or after the show - it's up to you.

Grammar Lessons - Either / or and neither / nor
If a verb is already in the negative then either ...or is used and not neither ...nor. Sarah didn't like either Rome or Paris. Sarah didn't like Rome or Paris. I don't like coffee or tea.

Either or / Neither nor | Learn English
Use a singular verb when "either" or "neither" is the subject of the sentence. When using "either" or "neither" as a pronoun, you may be tempted to use a plural verb since the noun immediately preceding the verb is plural. However, the verb should agree with "either" or "neither."

First of all other, I find No Grammar Tears very informative. What amazes me is the kind of dedication and patience Marthus-Adden spent in writing this book. This is because this kind of genre actually needs full attention. Truly, whatever he has written is precise and correct. I really admire his generosity of sharing his knowledge about English owing to the fact that English is his second language. What is good about the book is that the writer wrote it in a manner that readers can easily understand it. In other words, what makes this book different from the other English grammar books in the market is that it is more user-friendly, which means he wrote it in a manner that can easily be understood, especially by those who just learned English and want to learn more. Correctly put, this book is a guide to those who wants to learn English on their own. As a matter of fact, he has a knowledge check in every subject he has discussed in this book. He catered everything, especially in the part on how to construct sentences, which are very precise and which make it very easy to learn the book. He did not change anything at all in terms of the right way to speak and learn English, but instead he made it easier and more convenient for those people whose English is not their first language. In point of fact, he wrote this book not because he wants to show off to the world that he is a good grammarian, but because he wants to help those struggling to learn English. The book therefore deserves recognition because he is actually giving a favour to those who can't afford to have a private tutor to teach them how to speak English correctly. I must, in conclusion, admit that this book will really help those people who want to learn English language; those people who are striving to speak perfect English; and those people that English is their second language. I will therefore commend the author for this book.

This book contains ENGLISH GRAMMAR, VOCABULARY 25 PRACTICE SETS (PREVIOUS YEAR PAPERS) 500 QUESTIONS.
