(ACC 3560) Book title Essentials of Accounting for Governmental and Not-For-Profit Organizations;  
Author. Paul A. Copley

Copley's Essentials of Accounting for Governmental and Not-for-Profit Organizations, 13e is best suited for those professors whose objective is to provide more concise coverage than what is available in larger texts. The main focus of this text is on the preparation of external financial statements which is a challenge for governmental reporting. The approach in this edition is similar to that used in practice. Specifically, day to day events are recorded at the fund level using the basis of accounting for fund financial statements. Governmental activities are recorded using the modified accrual basis. The fund-basis statements are then used as input in the preparation of government-wide statements. The preparation of government-wide statements is presented in an Excel worksheet. NEW for the 13th edition is McGraw-Hill Connect, a digital teaching and learning environment that saves students and instructors time while improving performance over a variety of critical outcomes.

"Thank you for considering the thirteenth edition of Essentials of Accounting for Governmental and Not-for-Profit Organizations. I have used the text with traditional three-semester-hour classes, with half-semester GNP courses, and as a module in advanced accounting classes. It is appropriate for accounting majors or as part of a public administration program. The Excel-based problems were developed to

facilitate delivery through distance learning formats. The focus of the text is on the preparation of external financial statements. The coverage is effective in preparing candidates for the CPA examination"--

Pedagogically rich, this core textbook in governmental and not-for-profit accounting offers in-depth coverage for advanced accounting courses. The classroom-tested text logically builds student understanding of basic concepts like accountability, typical transactions like recording budgets and property taxes, and carries those concepts through to the detailed production of annual financial statements and conversions to produce government-wide financial statements. Reasonably priced and user friendly, the Martin-West volume is loaded with helpful questions, exercises, problems that include Internet research, case studies, summaries, and boxed items. Key features include: Putting It Together examples walk readers through the process of analyzing and entering typical transactions and developing financial statements Strategically placed interpretive exercises direct readers to apply what they have learned to a variety of situations Ties to the Real World information from business publications and from actual financial reports illustrate chapter concepts and accounting concerns Clearly stated, measurable learning objectives focus on specific learning goals
