Considers the distinction between the European Union's substantive law, which concerns the content of the rules put in place to achieve its policy objectives, and the EU's constitutional and administrative law, which concerns the mechanisms by which those rules are adopted, applied and enforced

European Union Law: A Very Short Introduction - Anthony ...

European Union law is a system of rules operating within the member states of the European Union. Since the founding of the Coal and Steel Community after World War II , the EU has developed the aim to "promote peace, its values and the well-being of its peoples". [3]

European Union law - Wikipedia

The European Union has legal personality and as such its own legal order which is separate from international law. Furthermore, EU law has direct or indirect effect on the laws of its Member States and becomes part of the legal system of each Member State. The European Union is in itself a source of law.

The European Union is rarely out of the news and, as it deals with the consequences of the Brexit vote and struggles to emerge from the eurozone crisis, it faces difficult questions about its future. In this debate, the law has a central role to play, whether the issue be the governance ofthe eurozone, the internal market, "clawing back powers from Europe" or reducing so-called "Brussels red tape".In this Very Short Introduction Anthony Arnulf looks at the laws and legal system of the European Union, including EU courts, and discusses the range of issues that the European Union has been given the power to regulate, such as the free movement of goods and people. He considers why anoragisation based on international treaties has proved capable of having far-reaching effects on both its Member States and on countries that lie beyond its borders, and discusses how its law and legal system have proved remarkably effective in ensuring that Member States respect the commitmentsthey made when they signed the Treaties. Answering some of the key questions surrounding EU law, such as what exactly it is about, and how it has become part of the legal DNA of its Member States so much more effectively than other treaty-based regimes, Arnulf considers the future for the EuropeanUnion.ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, andenthusiasm to make interesting and challenging topics highly readable.

This eagerly awaited new edition has been significantly revised after extensive user feedback to meet current teaching requirements. The first major textbook to be published since the rejuvenation of the Lisbon Treaty, it retains the best elements of the first edition – the engaging, easily understandable writing style, extracts from a variety of sources showing the creation, interpretation and application of the law and comprehensive coverage. In addition it has separate chapters on EU law in national courts, governance and external relations reflecting the new directions in which the field is moving. The examination of the free movement of goods and competition law has been restructured. Chapter introductions clearly set out what will be covered in each section allowing students to approach complex material with confidence and detailed further reading sections encourage further study. Put simply, it is required reading for all serious students of EU law.

This textbook on European constitutional law offers a coherent and scholarly analysis presented within a clear structure.

Since its formation the European Union has expanded beyond all expectations, and this expansion seems set to continue as more countries seek accession and the scope of EU law expands, touching more and more aspects of its citizens' lives. The EU has never been stronger and yet it now appears to be reaching a crisis point, beset on all sides by conflict and challenges to its legitimacy. Nationalist sentiment is on the rise and the Eurozone crisis has had a deep and lasting impact. EU law, always controversial, continues to perplex, not least because it remains difficult to analyse. What is the EU? An international organization, or a federation? Should its legal concepts be measured against national standards, or another norm? The Oxford Handbook of European Union Law illuminates the richness and complexity of the debates surrounding the law and policies of the EU. Comprising eight sections, it examines how we are to conceptualize EU law; the architecture of EU law; making and administering EU law; the economic constitution and the citizen; regulation of the market place; economic, monetary, and fiscal union; the Area of Freedom, Security, and Justice; and what lies beyond the regulatory state. Each chapter summarizes, analyses, and reflects on the state of play in a given area, and suggests how it is likely to develop in the foreseeable future. Written by an international team of leading commentators, this Oxford Handbook creates a vivid and provocative tapestry of the key issues shaping the laws of the European Union.

Authors names reversed on previous editions.

The Law of the European Union is a complete reference work on all aspects of the law of the European Union, including the institutional framework, the Internal Market, Economic and Monetary Union and external policy and action. Completely revised and updated, with many newly written chapters, this fifth edition of the most thorough resource in its field provides the most comprehensive and systematic account available of the law of the European Union (EU). Written by a new team of experts in their respective areas of European law, its coverage incorporates and embraces many current, controversial, and emerging issues and provides detailed attention to historical development and legislative history of EU law. Topics that are constantly debated in European legal analysis and practice are touched on in ways that are both fundamental and enlightening, including the following: powers and functions of the EU law institutions and relationship among them; the principles of equality, loyalty, subsidiarity, and proportionality; free movement of persons, goods, services, and capital; mechanisms of constitutional change – treaty revisions, accession treaties, withdrawal agreements, budgetary principles and procedures; State aid rules; effect of Union law in national legal systems; coexistence of EU, European Convention of Human Rights (ECHR), and national fundamental rights law; migration and asylum law; liability of Member States for damage suffered by individuals; competition law – cartels, abuse of dominant position, merger control; social policy, equal pay, and equal treatment; environmental policy; consumer protection, public health, cultural policy, education, and tourism; nature of EU citizenship, its acquisition, and loss; and law and policy of the EU's external relations. The fifth edition embraces many new, ongoing, and emerging European legal issues. As in the previous editions, the presentation is notable for its attention to how the law relates to economic and political realities and how the various policy areas interact with each other and with the institutional framework. The many practitioners and scholars who have relied on the predecessors of this definitive work for years will welcome this extensively revised and updated edition. Those coming to the field for the first time will instantly recognize that they are in the presence of a masterpiece that can always be turned to with profit and that helps in understanding the rationale underlying any EU law provision or principle.

An excellent introduction to EU law for students new to the discipline and acting as an essential revision aid for the more experienced, this new edition has been fully revised and updated. The author, an experienced lecturer at undergraduate level, examines the main themes of EU law in a logical and progressive manner. Focusing on how and why the law has developed as it has, this book provides readers with a thorough understanding of EU law, including a number of issues presently facing the EU, such as enlargement and the prospect of a comprehensive written constitution. Student-friendly, it comprises a wide range of pedagogical features including: summaries comprehensive tables of cases and legislation a list of abbreviations a glossary of important terms helpful tips on how to approach essay and exam questions. Broad in scope and highly accessible Understanding European Union Law , is essential reading, providing a solid foundation for students new to EU law/business as well as being a useful revision aid for those more familiar with the topic.

Now in its second edition, European Union Law has been fully revised and updated following the entry into force of the Lisbon Treaty in December 2009. The book contains entirely new chapters on the Protection of Human Rights in the EU; the Area of Freedom, Security and Justice and the Common Foreign and Security Policy. Specifically written to give law students detailed up-to-date knowledge of all main areas of EU law, the book provides an in-depth and detailed examination of, and commentary on the areas of institutional and of substantive EU law forming the syllabus of standard academic courses on EU law. Unlike other texts this book successfully combines authoritative text with case summaries and judgments, these being highlighted in colour tinted boxes for easy identification. The author identifies the relevant points and key facts of the leading cases and discusses the judgments in detail, often in the light of subsequent developments. Student-friendly features include: short summaries at the beginning of each chapter outlining the topics and concepts covered an aide-memoire at the end of each chapter to highlight and reflect the main points a recommended reading list at the end of each chapter to facilitate further research a map identifying EU Member States (with accession dates) and candidate states a Companion Website featuring updates twice yearly; annotated links to online sources of interest and essay style self-test questions with suggested answers. This book is an essential resource for those studying EU law on both undergraduate and postgraduate courses and will be of interest to students of political science, social science and business studies.

Helps students to understand EU law, then inspires them to take their learning further. With succinct coverage of the law, accompanied by self-test questions and further reading, this is an ideal text for those new to the subject or pursuing further study.

Clear yet rigorous coverage of all the core topics of EU law, with numerous case extracts and 100 visual aids.
