interested in any of his own answers. The questions interested him—approximately 2,700, which he condensed and collated to form twenty-two chapters focused on such subjects as Process, Childhood, Failure, Capitalism, Suicide, and Comedy. Then, according to Shields, “ the real work began: rewriting and editing and remixing the questions and finding a through-line. ” The result is a lacerating self-demolition in which the author—in this case, a late-middle-aged white man—is strangely, thrillingly absent. As Chuck Klosterman says, “ The Very Last Interview is David Shields doing what he has done dazzlingly for the past twenty-five years: interrogating his own intellectual experience by changing the meaning of what seems both obviously straightforward and obviously wrong. ” Shields ’ s new book is a sequel of sorts to his seminal Reality Hunger: A Manifesto, which Literary Hub recently named one of the most important books of the last decade. According to Kenneth Goldsmith, “ Just when you think Shields couldn ’ t rethink and reinvent literature any further, he does it again. The Very Last Interview confirms Shields as the most dangerously important American writer since Burroughs. ”
