Presents a comprehensive guide to controlling college costs that furnishes helpful tips on the financial aid packages available, filling out application forms, educational loans, updated tax regulations and additional sources of revenue, as well as the latest official financial aid forms and updates on the tax laws, in a guide with a foreword by President Bill Clinton. Original.

Every year, more than 20 million students and parents file the Free Application for Federal Student Aid (FAFSA), the gateway to federal, state and school financial aid. Families often worry about making costly mistakes, but this step-by-step guide provides expert advice and insights to: • Maximize eligibility for student aid • Avoid common errors • Complete the form quickly, easily and accurately Praise for Filing the FAFSA: I found Filing the FAFSA to be an up-to-the-minute, accessible and readable resource for those with a keen interest in the current federal application for student financial aid. -Nancy Coolidge, Office of the President, University of California Families need a guide that breaks down the application form into logical sections. Filing the FAFSA is an important tool in removing some of the mystery surrounding the financial aid process. -Verna Hazen, Assistant Vice President and Director, Office of Financial Aid and Scholarships, Rochester Institute of Technology With the plethora of information on the subject of completing college financial applications, it's reassuring to find a guide that students, parents and even guidance counselors can look to for useful and accurate information. -Carlos Adrian, Associate Director, Financial Aid Compliance, Office of Financial Aid and Scholarship Programs, Syracuse University As a long-time financial aid professional, I am always looking for helpful tools to assist families in understanding the sometimes overwhelming process of applying for student financial aid for college. Filing the FAFSA is a tool that successfully combines the presentation of detailed information with easy to follow flow charts and summary boxes to guide families through the application process. It is filled with helpful hints and is a valuable resource for families navigating the complicated world of financial aid. -Diane Stemper, Executive Director, Office of Enrollment Services, Student Financial Aid, Ohio State University

Each year, many students with affordable college options and the academic skills needed to succeed do not enroll at all, enroll at institutions where they are not well-positioned for success, or drop out of college before earning a credential. Efforts to address these challenges have included changes in financial aid policy, increased availability of information, and enhanced academic support. This volume argues that the efficacy of these strategies can be improved by taking account of contemporary research on how students make choices. In Decision Making for Student Success, scholars from the fields of behavioral economics, education, and public policy explore contemporary research on decision-making and highlight behavioral insights that can improve postsecondary access and success. This exciting volume will provide scholars, researchers, and higher education administrators with valuable perspectives and low-cost strategies that they can employ to improve outcomes for underserved populations.

"The College Solution helps readers look beyond over-hyped admission rankings to discover schools that offer a quality education at affordable prices. Taking the guesswork out of saving and finding money for college, this is a practical and insightful must-have guide for every parent!" -Jaye J. Fenderson, Seventeen's College Columnist and Author, Seventeen's Guide to Getting into College "This book is a must read in an era of rising tuition and falling admission rates. O'Shaughnessy offers good advice with blessed clarity and brevity." -Jay Mathews, Washington Post Education Writer and Columnist "I would recommend any parent of a college-bound student read The College Solution." -Kal Chany, Author, The Princeton Review's Paying for College Without Going Broke "The College Solution goes beyond other guidebooks in providing an abundance of information about how to afford college, in addition to how to approach the selection process by putting the student first." -Martha "Marty" O'Connell, Executive Director, colleges That Change Lives "Lynn O'Shaughnessy always focuses on what's in the consumer's best interest, telling families how to save money and avoid making costly mistakes." -Mark Kantrowitz, Publisher, FinAid.org and Author, FastWeb College Gold "An antidote to the hype and hysteria about getting in and paying for college! O'Shaughnessy has produced an excellent overview that demystifies the college planning process for students and families." -Barmak Nassirian, American Association of Collegiate Registrars and Admissions Officers For millions of families, the college planning experience has become extremely stressful. And, unless your child is an elite student in the academic top 1%, most books on the subject won't help you. Now, however, there's a college guide for everyone. In The College Solution, top personal finance journalist Lynn O'Shaughnessy presents an easy-to-use roadmap to finding the right college program (not just the most hyped) and dramatically reducing the cost of college, too. Forget the rankings! Discover what really matters: the quality and value of the programs your child wants and deserves. O'Shaughnessy uncovers "industry secrets" on how colleges actually parcel out financial aid-and how even "average" students can maximize their share. Learn how to send your kids to expensive private schools for virtually the cost of an in-state public college...and how promising students can pay significantly less than the "sticker price" even at the best state universities. No other book offers this much practical guidance on choosing a college...and no other book will save you as much money! • Secrets your school's guidance counselor doesn't know yet The surprising ways colleges have changed how they do business • Get every dime of financial aid that's out there for you Be a "fly on the wall" inside the college financial aid office • U.S. News & World Report: clueless about your child Beyond one-size-fits-all rankings: finding the right program for your teenager • The best bargains in higher education Overlooked academic choices that just might be perfect for you

Peterson's Two-Year Colleges 2013 includes information on more than 1,800 accredited two-year undergraduate institutions in the United States and Canada, as well as some international schools. It also includes detailed two-page descriptions written by admissions personnel. College-bound students and their parents can research two-year colleges, including community colleges, for information on campus setting, enrollment, majors, expenses, student-faculty ratio, application deadline, and contact information. In addition, Two-Year Colleges offers articles that cover tips on transferring, advice for adults returning to school, "green" programs at community colleges, the basics of financial aid, and much more. Up-to-date, informative data profiles for more than 1,800 institutions, listed alphabetically by state (and followed by other countries) with facts and figures on majors, academic programs, student life, standardized tests, financial aid, and applying and contact information Helpful articles on what you need to know about two-year colleges: advice on transferring and returning to school for adult students; how to survive standardized tests; what international students need to know about admission to U.S. colleges; and how to manage paying for college The latest on exciting, innovative "green" programs at community colleges throughout the United States State-by-state summary table allows comparison of institutions by a variety of characteristics, including enrollment, application requirements, types of financial aid available, and numbers of sports and majors offered

This guide provides a description of Federal Student Aid programs and the application process. Readers will find information on federal student aid as a source for funding postsecondary education, and know where to go for more detailed information. Funding Your Education: The Guide to Federal Student Aid speaks to high school students, college students, adults, and parents interested in finding out about financial aid from the federal government to help pay for education expenses at an eligible college, technical school, vocational school, or graduate school.

A "bracing and well-argued" study of America's college debt crisis-"necessary reading for anyone concerned about the fate of American higher education" (Kirkus). College is far too expensive for many people today, and the confusing mix of federal, state, institutional, and private financial aid leaves countless students without the resources they need to pay for it. In Paying the Price, education scholar Sara Goldrick-Rab reveals the devastating effect of these shortfalls. Goldrick-Rab examines a study of 3,000 students who used the support of federal aid and Pell Grants to enroll in public colleges and universities in Wisconsin in 2009. Half the students in the study left college without a degree, while less than 20 percent finished within five years. The cause of their problems, time and again, was lack of money. Unable to afford tuition, books, and living expenses, they worked too many hours at outside jobs, dropped classes, took time off to save money, and even went without adequate food or housing. In many heartbreaking cases, they simply left school-not with a degree, but with crippling debt. Goldrick-Rab combines that data with devastating stories of six individual students, whose struggles make clear the human and financial costs of our convoluted financial aid policies. In the final section of the book, Goldrick-Rab offers a range of possible solutions, from technical improvements to the financial aid application process, to a bold, public sector-focused "first degree free" program. "Honestly one of the most exciting books I've read, because [Goldrick-Rab has] solutions. It's a manual that I'd recommend to anyone out there, if you're a parent, if you're a teacher, if you're a student."-Trevor Noah, The Daily Show

This data-driven book offers insight into the fallacy of widespread opportunity, the fate of the middle class, and the mechanisms that perpetuate income disparity.

Graduate Programs in Business, Education, Information Studies, Law & Social Work 2015 contains helpful facts and figures on more than 11,000 graduate programs. The comprehensive directory includes more than 1,850 institutions and their programs in all of the relevant disciplines such as accounting and finance, business management, education, law, library and information sciences, marketing, social work, and many more. Informative data profiles feature facts and figures on accreditation, degree requirements, application deadlines, contact information, financial support, faculty, and student body profiles. Two-page in-depth descriptions, written by featured institutions, offer complete details on specific graduate program, school, or department as well as information on faculty research. Comprehensive directories list programs in this volume, as well as others in the graduate series.
