Although largely forgotten, Failure of a Mission is arguably one of the most important political memoirs ever written in history. That is right, in history. The book, written by Sir Nevile Henderson, Britain's ambassador to Nazi Germany from 1937 to 1939, represents so many truths on so many different levels, it is impossible to be ignored or worse yet, not to be studied.

Failure of a Mission, Berlin 1937-1939 by Sir Nevile Henderson.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Sir Nevile Meyrick Henderson GCMG was a British diplomat and Ambassador of the United Kingdom to Nazi Germany from 1937 to 1939.

On the night of November 9, 1989, massive crowds surged toward the Berlin Wall, drawn by an announcement that caught the world by surprise: East Germans could now move freely to the West. The Wall—infamous symbol of divided Cold War Europe—seemed to be falling. But the opening of the gates that night was not planned by the East German ruling regime—nor was it the result of a bargain between either Ronald Reagan or George H.W. Bush and Soviet leader Mikhail Gorbachev. It was an accident. In *The Collapse*, prize-winning historian Mary Elise Sarotte reveals how a perfect storm of decisions made by daring underground revolutionaries, disgruntled Stasi officers, and dictatorial party bosses sparked an unexpected series of events culminating in the chaotic fall of the Wall. With a novelist's eye for character and detail, she brings to vivid life a story that sweeps across Budapest, Prague, Dresden, and Leipzig and up to the armed checkpoints in Berlin. We meet the revolutionaries Roland Jahn, Aram Radomski, and Siggie Schefke, risking it all to smuggle the truth across the Iron Curtain; the hapless Politburo member Günter Schabowski, mistakenly suggesting that the Wall is open to a press conference full of foreign journalists, including NBC's Tom Brokaw; and Stasi officer Harald Jäger, holding the fort at the crucial border crossing that night. Soon, Brokaw starts broadcasting live from Berlin's Brandenburg Gate, where the crowds are exulting in the euphoria of newfound freedom—and the dictators are plotting to restore control. Drawing on new archival sources and dozens of interviews, *The Collapse* offers the definitive account of the night that brought down the Berlin Wall.

From *Hell Hawks!* author Bob Dorr, *Mission to Berlin* takes the reader on a World War II strategic bombing mission from an airfield in East Anglia, England, to Berlin and back. Told largely in the veterans' own words, *Mission to Berlin* covers all aspects of a long-range bombing mission including pilots and other aircrew, groundcrew, and escort fighters that accompanied the heavy bombers on their perilous mission.
