Financial Management: Theory and Practice celebrates the 23rd Anniversary of its publication. Over these two decades, Indian business and finance have considerably changed owing to deregulation, liberalisation, privatisation, globalisation, and the ascendance of the services sector. The book has kept pace with these changes and captures the central themes and concerns of corporate financial management-making it both contemporary and comprehensive. The book seeks to:

- *Build understanding of the central

Practice 40th Edition

ideas and theories of modern finance*Develop familiarity with the analytical techniques helpful in

financial decision making *Furnish institutional material relevant for understanding the environment in which financial decisions are taken

*Discuss the practice of financial management.

Completely up to date, the Study Guide gives you the additional practice and support you need to master text material and earn the grade you want. It outlines key chapter content and contains Self-Test Questions and Self-Test Problems to test your knowledge and application of text concepts.
