Apr 04, 2020 Tim Hughes rated it it was amazing. Forgotten Women - The Leaders is a truly inspirational book. It takes female leaders, the rebels, the warriors, the rulers, the activists and the reformers and tells a short story about each one. The story gives you the background and context, "warts and all".

Based on Mackenzi Lee's popular weekly Twitter series of the same name, *Bygone Badass Broads* features 52 remarkable and forgotten trailblazing women from all over the world. With tales of heroism and cunning, in-depth bios and witty storytelling, *Bygone Badass Broads* gives new life to these historic female pioneers. Starting in the fifth century BC and continuing to the present, the book takes a closer look at bold and inspiring women who dared to step outside the traditional gender roles of their time. Coupled with riveting illustrations and Lee's humorous and conversational storytelling style, this book is an outright celebration of the badass women who paved the way for the rest of us.

'People say that I am a quarrelsome woman...' TARABAI, MARATHA QUEEN (1675–1761) The history of India, more often than not, is a history of the men who were in charge. Largely forgotten are the women who, even centuries earlier, shaped the fates of entire kingdoms. In *The Women Who Ruled India*, writer and researcher Archana Garodia Gupta revives 20 such powerful figures from the archives, offering us a glimpse of their fascinating lives. Among them are Begum Samru, a courtesan who went on to become the head of a mercenary army and the ruler of Sardhana; Didda of Kashmir, known for her keen political instinct and a ruthlessness that spared no one; Rani Abbakka of Ullal, the fearless queen who took on Portuguese colonizers in their heyday; and Rani Mangammal of Madurai, the famed administrator who built alliances at a time when going to war

was the order of the day. These women and others like them built roads, instituted laws and were generous patrons of the arts and sciences. Their stories of valour and diplomacy, leadership and wit continue to inspire today. Peppered with anecdotes that showcase little-known facets of their personalities, the accounts in this book celebrate heroic rulers who – ‘quarrelsome’ though they might have been – were iconoclasts: unafraid to forge new paths.

Emerging from the darkness of the slave era and Reconstruction, black activist women Lucy Craft Laney, Mary McLeod Bethune, Charlotte Hawkins Brown, and Nannie Helen Burroughs founded schools aimed at liberating African-American youth from disadvantaged futures in the segregated and decidedly unequal South. From the late nineteenth through mid-twentieth centuries, these individuals fought discrimination as members of a larger movement of black women who uplifted future generations through a focus on education, social service, and cultural transformation. Born free, but with the shadow of the slave past still implanted in their consciousness, Laney, Bethune, Brown, and Burroughs built off each other’s successes and learned from each other’s struggles as administrators, lecturers, and suffragists. Drawing from the women’s own letters and writings about educational methods and from remembrances of surviving students, Audrey Thomas McCluskey reveals the pivotal significance of this sisterhood’s legacy for later generations and for the institution of education itself.
