From three design partners at Google Ventures, a unique five-day process--called the sprint--for solving tough problems using design, prototyping, and testing ideas with customers.

Using the same approach, this text provides a distillation of the widely popular Legal Aspects of Health Care Administration. It presents an overview of health law topics in an interesting and understandable format, leading the reader through the complicated maze of the legal system. The topics presented in this book create a strong foundation in health law. This book is a sound reference for those who wish to become more informed about how the law, ethics, and health care intersect. Features: A historical perspective on the development of hospitals, illustrating both their progress and failures through the centuries. Actual court cases, state and federal statutes, and common-law principles are examined. A broad discussion of the legal system, including the sources of law and government organization. A basic review of tort law, criminal issues, contracts, civil procedure and trial practice, and a wide range of real life legal and ethical dilemmas that caregivers have faced as they wound their way through the courts. An overview of various ways to improve the quality and delivery of health care.

"[The book] lists all the federal requirements that are evaluated by state surveyors during the annual survey visit to nursing homes and for complaint visits. The exhibit section contains forms used by surveyors to gather data during the survey visit. Visually, the format makes the regulations easy to read. If nursing home staff used the book to prepare for a survey, they would be well prepared." -Marcia Flesner, PhD, RN, MHCA University of Missouri-Columbia From Doody's Review Nursing homes are now the most highly regulated environments in the United States, in the service of maximizing the quality of each resident ' s life. This user-friendly guide has been updated to provide all of the requisite information needed by nursing home staff to prepare for a visit from federal surveyors. It provides the most current federal guidelines and the procedures used by federal surveyors in certifying facilities for participation in Medicare and Medicaid funding. It describes every aspect and service of a nursing home that is subject to inspection and includes the nearly 20% of new requirements established during the past three years, with an emphasis on the new Minimum Data Set 3.0. The guide not only presents federal requirements and explanatory guidelines but also explains how to best interpret these guidelines so nursing home staff can be optimally prepared for a survey visit. It reflects changes in regulations regarding end-of-life care, nasogastric tube regulations, and rights to establish advance directives. The guide also provides information straight from CMS's Internet-Only Manual. New Features of Eighth Edition: Describes how to best use the updated manual Focuses on Minimum Data Set 3.0 Explains clearly how to interpret the new requirements, 20% of which have been updated Presents new quality measures Includes new CMS forms Reflects changes in regulations regarding end-of-life care, nasogastric tube regulations, and rights to establish advance directives

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE ' S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still.
